Introduction

The Board of Trustees Rules Manual and the College Procedures Manual are provided for all students and employees as the official statement of the Board's rules and the College's operating procedures. The rules have been adopted by the Board of Trustees and are based on Florida statutes and State Board of Education regulations. The procedures have been formally adopted and are based on Florida statutes, State Board of Education regulations, and Board of Trustees Rules or good business practice.

The online Rules and Procedures manuals are intended to reflect the official Rules of the Board of Trustees and Procedures of the College and in addition to federal and state law, govern the College, students, and employees in the areas including but not limited to general and administrative; employee relations; academic and student affairs; student services; business services; and facilities planning and institutional services. In some instances, individual departments may be required by the College to observe internal procedures unique to that department. Internal procedures are defined as Managers Guidelines. Managers Guidelines must be in compliance with College operating procedure.

The Board of Trustees Rules and College Procedures are frequently updated; however, if you have questions as to the latest or applicable version of the Rules or Procedures, you should contact the Office of the General Counsel at 727-341-3259.
