Under Section 504 of the Vocational Rehabilitation Act of 1973 and the Americans with Disability Act of 1990, SPC seeks to ensure that admission, academic programs, support services, student activities and campus facilities are accessible to and usable by all students who attend the college. Students with disabilities who desire accommodations need to provide appropriate documentation of a disability and request services from Accessibility Services through one of the Accessibility Coordinators.

St. Petersburg College recognizes the importance of equal access to learning opportunities for all students. Accessibility Services (AS) is the campus office that works with students who have disabilities to provide and/or arrange reasonable accommodations. Students registered with AS, who are requesting accommodations, are encouraged to contact their instructor by the first week of the semester. Students who have, or think they may have, a disability (e.g. learning disability, ADD/ADHD, psychiatric, medical/orthopedic, vision, and/or hearing), are invited to contact the Accessibility Coordinator (AC) that serves your campus for a confidential discussion.
