## Reemployment Assistance

Reemployment Assistance benefits are available to Floridians who have been negatively impacted as a result of the mitigation efforts to stop the spread of COVID-19. Eligible individuals include those who have lost their job through no fault of their own, are quarantined by a medical professional, laid off or sent home without pay for an extended period by their employer, or caring for an immediate family member who is diagnosed with COVID-19. Governor DeSantis has waived work search, online work registration and waiting week requirements for Reemployment Assistance applications.

## Train For Your Next Job

Learning new skills is a great way to start your career or move up at your current job. Career and Technical Education (CTE) and apprenticeship programs can further your education and help you earn higher wages. These programs teach you skills you will use on the job from Day One and throughout your career. If you are interested in earning an industry-recognized credential, we can connect you with training and education opportunities near you. Explore programs offered by CareerSource Florida and our partners, including the Florida Department of Education.
