

Hi, Tissa-

I'm so happy that you're interested in transferring to St. Petersburg College! To get you going in time for [next term's classes](#), we need you to complete our application and provide a few additional items. To help you navigate the transfer student steps, I am providing you with some additional information. See below.

Transfer students must:

1. [Apply to SPC](#) and review our admissions steps.
2. Send Your official transcripts to SPC.
3. Review your posted transfer credits.
4. Contact your advisor to discuss your program selection and how your transfer credits can be applied.

Specific instructions to follow can be found [here](#).

Check out our [Transfer Evaluation Tool](#) to see how credits you might have earned at another college or university may transfer to SPC. Questions you may have about transferrable credits can be sent to transcript.evaluator@spcollege.edu.

[Apply now](#) and **you will be assigned to a career and academic advisor**, who will be there to guide you the rest of the way toward completing your program.
