CAREER AND ACADEMIC PATHWAYS

St. Petersburg College's degree offerings are organized within Career and Academic Pathways to connect students' educational journeys with their intended career outcomes. SPC's associate and bachelor's degree pathways include the integration of stackable certificates, industry certifications, and internships and practicums, where students gain real-world experience to prepare them for the workforce. Visit **spcollege.edu/degrees-training** for details on these degrees and a variety of Associate in Arts transfer plans.

🖥 **– ONLINE OPTION**

SPC offers more than 110 degree and certificate programs. Find out which credential will get you where you want to go:

- **Certificate** – Short-term job training programs that are part of Associate in Science degrees.

- **Associate in Arts (A.A.)** – Gives you a foundation for a bachelor's degree at a state university or SPC and requires 36 credits of general education coursework.

- **Associate in Science (A.S.)** – Gives you the technical know-how to go straight to work or to earn a bachelor's degree at SPC and requires 15-21 credits of general education coursework.

- **Bachelor of Science (B.S.)** – Gives you a four-year credential in specific careers and usually requires an A.A. degree for admission.

- **Bachelor of Applied Science (B.A.S.)** – Prepares you for management positions and usually requires an A.S. degree for admission.

SPC **St. Petersburg College**

WE'RE FOCUSED ON YOU

St. Petersburg College offers **more than 110 degree and certificate programs** including career training, university transfer options and bachelor's degrees, plus additional transfer plans in specific subjects. We also are **a top provider of online courses** among Florida's state colleges.

At SPC, your success is our priority. You'll receive full academic support and help outside of the classroom, including access to food and clothing pantries, free bus passes, and mental health services.

Free Tutoring
We provide free, onsite, one-on-one tutoring; homework help and test preparation; and online help 24 hours a day, seven days a week.

Internships and Hands-On Learning Experiences
You'll get real-world experiences through hands-on activities in your classroom, as well as through internships. Internships offer experiences that help you stand out above other applicants for jobs in your field. They are required in many of our Associate in Science degree programs.

Free Career Advising
All of our advisors are certified career development facilitators to ensure our students have professional career direction, support and job placement resources in order to land the job they want.

Earn More, Spend Less
Your financial aid and scholarship dollars go further at SPC. Our alumni rank 1st for highest entry-level wages among Florida community college graduates. The college's tuition averages half that of state universities, so you spend less to earn more.
