## STUDENT ORGANIZATIONS

Make Friends, Learn Something New, and Have Fun!

**Titan Connect** is your portal to explore the student organizations that match your interests! Did you know there are more than 35 student organizations at SPC? Student organizations not only help you enhance your academic experience, but can also help you find a community of peers that share your interests. Student organizations range from academic, community service, and social action/political to creative and performing arts, spiritual, or sports related.

To explore what's happening at SPC beyond the classroom, use the navigation at the top of your screen to browse the list of student organizations! Can't find what you're looking for? Request to start your own student organization!

You will find a brief description about each student organization, its goals, as well as a request for more information or a request to join option. Some organizations have open membership so all you have to do is click the **JOIN** button on their page!

## SERVICE HOURS

[Click here to populate the form to apply for service hours!](#)

With **Titan Connect**, you can keep track of and calculate your volunteer hours with the Service Hour Feature! With this feature, students have multiple options to earn service hours—you can attend Events or Experiences that have service hours assigned to you or you can even submit your own requests to earn hours!

On the Student Portal you'll be able to search for events that have Service Hours assigned to you by clicking "Events" on the top right-hand corner then from the events page selecting "Service Hours" from the "Earn" filter. Once checked into that event, you will earn the hours and the hours will appear on your Timeline.
