SUMMARY

SUMMARY OF REPORT ON FINANCIAL STATEMENTS

The State of Florida's basic financial statements, as of and for the fiscal year ended June 30, 2018, were fairly presented, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our report is included in the Florida Comprehensive Annual Financial Report for the fiscal year ended June 30, 2018, issued by the Chief Financial Officer.

SUMMARY OF REPORT ON INTERNAL CONTROL AND COMPLIANCE

Internal Control Over Financial Reporting

We noted and consider the following matters involving internal control over financial reporting and its operation to be significant deficiencies:

- The Florida Department of Transportation (FDOT) did not record a prior-period adjustment for the correction of an error in previously issued financial statements. Additionally, the FDOT did not record a liability for a payment received prior to meeting eligibility requirements and becoming susceptible to accrual. (Finding No. 2018-001)
- The Florida Department of Health improperly recorded withdrawals from the State Treasury Investment Pool as investment earnings and current expenditures. (Finding No. 2018-002)

We noted the following additional matter that we reported to management but did not consider to be a significant deficiency:

- The Florida Department of Revenue understated receivables, net and unavailable revenue due to an error in the preparation of year-end accrual entries. (Finding No. AM 2018-01)

SUMMARY OF REPORT ON FEDERAL AWARDS

State agencies, universities, and colleges administered approximately 532 Federal awards programs and program clusters during the 2017-18 fiscal year. Expenditures for the 21 major programs totaled \$25.1 billion, or approximately 67 percent of the total expenditures of \$37.2 billion, as reported on the supplementary Schedule of Expenditures of Federal Awards.

Compliance requirements for Federal awards programs are established in the *Office of Management and Budget (OMB) Compliance Supplement*. Types of compliance requirements include: Activities Allowed or Unallowed; Allowable Costs/Cost Principles; Cash Management; Eligibility; Equipment and Real Property Management; Matching, Level of Effort, Earmarking; Period of Performance; Procurement and Suspension and Debarment; Program Income; Reporting; Subrecipient Monitoring; and Special Tests and Provisions.

Compliance

The State of Florida complied, in all material respects, with the compliance requirements applicable to each of its major Federal awards programs, except as described in the following instances:

- The Florida Department of Military Affairs (FDMA) could not demonstrate that, prior to entering into covered transactions, the FDMA determined that the contractors were not suspended,

debarred, or otherwise excluded by the Federal Government. Additionally, the FDMA did not include in applicable contractual agreements a clause requiring the contractor to comply with Federal guidance on suspension and debarment. These instances of noncompliance resulted in an opinion qualification. (Finding No. 2018-005 – National Guard Military Operations and Maintenance Projects)

- Florida Department of Economic Opportunity (FDEO) records did not always evidence that employer responses to Unemployment Insurance (UI) benefit claims were considered in making benefit eligibility determinations. Additionally, FDEO case investigation records did not always include all required documentation evidencing compliance with FDEO and Federal requirements. These instances of noncompliance resulted in opinion qualifications. (Finding Nos. 2018-014 and 2018-017 – Unemployment Insurance)
- For the UI program, we were unable to express, and did not express, an opinion on the FDEO's compliance with the Reporting and the Special Tests and Provisions – UI Program Integrity – Overpayments requirements because the FDEO could not provide accurate data demonstrating that benefit overpayments were properly identified and handled or that debts resulting from overpayments were appropriately offset. In addition, the FDEO could not demonstrate that the reported overpayment amounts on Federal Financial Reports were accurate. (Finding No. 2018-015 – Unemployment Insurance)
- For the Federal Family Education Loans Program, we were unable to express, and did not express, an opinion on the Florida Department of Education's (FDOE's) compliance with the Special Tests and Provisions - Assignment of Defaulted Loans to the United States Department of Education (USED) and Correct Handling of Loans Sold to the USED requirements because the FDOE did not provide documentation demonstrating that interface processing errors related to the Subrogation-SAIG Portal interface were timely investigated and corrected. Additionally, the FDOE did not provide sufficient documentation to demonstrate that the Office of Student Financial Assistance (OSFA) subrogation process complied with USED mandatory assignment criteria; subrogation transaction processing errors were timely identified, logged, and resolved; and OSFA had adequate audit and monitoring capabilities to process subrogation and override transactions. (Finding No. 2018-019 – Federal Family Education Loans)
- Florida Department of Children and Families (FDCF) expenditures charged to various Federal program grants were not always incurred during the authorized period of performance, which resulted in an opinion qualification. (Finding No. 2018-025)
- The FDCF did not always timely review and process Income Eligibility and Verification System data exchange responses, which resulted in an opinion qualification. (Finding No. 2018-026 – Temporary Assistance for Needy Families Cluster)
- The Florida Division of Emergency Management (FDEM) did not always maintain documentation to support costs charged to the Disaster Grants program, did not verify that all applicable subrecipients were audited, and did not evaluate subrecipient risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward or develop an appropriate monitoring plan based on an assessed risk of noncompliance. Additionally, the FDEM did not obtain required reports from some of its subrecipients. These instances of noncompliance resulted in opinion qualifications. (Finding Nos. 2018-033, 2018-035, and 2018-036 – Disaster Grants – Public Assistance (Presidentially Declared Disasters))

The results of our audit also disclosed other instances of noncompliance pertaining to programs administered by various State agencies and a university, as described in the **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**. Some of the instances of noncompliance resulted in questioned costs subject to disallowance by the grantor agency.

Internal Control Over Compliance

We noted numerous matters at various State agencies and one university involving internal control over compliance and its operation that we considered to be material weaknesses or significant deficiencies. Material weaknesses and significant deficiencies are described in the **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** and pertained to several compliance requirements. In addition to the instances described in the previous paragraphs on compliance for the National Guard Military Operations and Maintenance (O&M) Projects (Finding No. 2018-005), Unemployment Insurance (Finding Nos. 2018-014, 2018-015, and 2018-017), Federal Family Education Loans Program (Finding No. 2018-019), Supplemental Nutrition Assistance Program Cluster, Temporary Assistance for Needy Families Cluster, Refugee and Entrant Assistance State/Replacement Designee Administered Programs, Social Services Block Grant, Medicaid Cluster, Block Grants for Community Mental Health Services, and Block Grants for Prevention and Treatment of Substance Abuse (Finding No. 2018-025), Temporary Assistance for Needy Families Cluster (Finding No. 2018-026), and Disaster Grants – Public Assistance (Presidentially Declared Disasters) (Finding Nos. 2018-033, 2018-035, and 2018-036), the following deficiency in internal control over compliance was also considered a material weakness:

- FDMA records did not evidence that access to the Integrated Emergency Operations Management System was granted only to authorized users or that the access privileges granted were appropriate. (Finding No. 2018-004 – National Guard Military Operations and Maintenance Projects)

SUMMARY OF REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

The State's **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** (SEFA) is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the State's basic financial statements. The State's SEFA does not include Federal awards expenditures for the State's blended component units; CareerSource Florida, Inc. and the Florida Commission on Community Service; discretely presented component units of the State's universities and colleges; or discretely presented component units other than the State's universities and colleges. In our opinion, the SEFA is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

AUDIT SCOPE

As a condition of receiving Federal funds, the OMB requires, as described in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), an audit of the State's financial statements and major Federal awards programs. Pursuant to Section 11.45, Florida Statutes, we conducted an audit of the basic financial statements of the State of Florida as of and for the fiscal year ended June 30, 2018. We also subjected supplementary information contained in the State's Comprehensive Annual Financial Report and the State's SEFA to auditing procedures applied in our audit of the basic financial statements. Additionally, we audited the State's compliance with governing requirements for the Federal awards programs and program clusters that we identified as major programs for the fiscal year ended June 30, 2018. We also performed procedures to assess the reasonableness of the **SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS** prepared by the State of Florida.

AUDIT OBJECTIVES

The objectives of our audit were to:

- Express opinions concerning whether the State's basic financial statements were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- Express an opinion concerning whether the State's SEFA was presented fairly, in all material respects, in relation to the State's basic financial statements as a whole.
- Obtain an understanding of the internal control over financial reporting and the internal control over compliance for each major Federal awards program or program cluster, assess the control risk, and perform tests of controls, unless the controls were deemed to be ineffective.
- Express opinions concerning whether the State complied, in all material respects, with Federal statutes, regulations, and the terms and conditions of Federal awards that may have a direct and material effect applicable to each of the major Federal awards programs and program clusters.
- Determine whether management had taken appropriate actions to correct deficiencies noted in our previous audit reports.
- Assess the reasonableness of the Summary Schedule of Prior Audit Findings prepared by the State.

AUDIT METHODOLOGY

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, applicable standards contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Florida, as of and for the fiscal year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the State of Florida's basic financial statements, and have issued our report thereon dated February 8, 2019. Our report includes a reference to other auditors who audited the financial statements of the Prepaid College Program Fund, Florida Turnpike System, Hurricane Catastrophe Fund, College Savings Plan, trust fund maintained by the State Board of Administration to account for the investments of the Public Employee Optional Retirement Program, assets and investment income of the Florida Retirement System Defined Benefit Pension Plan, Florida Housing Finance Corporation, Citizens Property Insurance Corporation, component units related to the State's universities and colleges, and certain other funds and entities as described in our report on the State of Florida's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the State's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State's internal control. Accordingly, we do not express an opinion on the effectiveness of the State's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the State's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify deficiencies in internal control, described in Finding Nos. 2018-001 and 2018-002 in the **Financial Statements Findings** section of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the State's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, administrative rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Additional Matters

We noted one additional matter involving the State's internal control that we reported to management as Finding No. AM 2018-01 in the **ADDITIONAL MATTERS** section as listed in the table of contents.

Management Responses to Findings

Management responses to the significant deficiencies identified in our audit are included in the **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**. Management's response to the additional matter identified in our audit is included in the **ADDITIONAL MATTERS** section as listed in the table of contents. The responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the State's internal control or on compliance. This report is an integral part of an audit performed in accordance with

Government Auditing Standards in considering the State's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Sherrill F. Norman, CPA

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Report on Compliance for Each Major Federal Program

We have audited the State of Florida's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the State of Florida's major Federal programs for the fiscal year ended June 30, 2018. The State of Florida's major Federal programs are identified in the **Summary of Auditor's Results** section of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**.

The State of Florida's basic financial statements include the operations of component units which received Federal awards during the fiscal year ended June 30, 2018, that are not included in the State's **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**. Our audit of the State of Florida's major Federal programs did not include the operations of the blended component units, CareerSource Florida, Inc. and the Florida Commission on Community Service; discretely presented component units of the State of Florida's universities and colleges; or discretely presented component units other than the State of Florida's universities and colleges. As applicable, Federal awards administered by these component units are the subjects of audits completed by other auditors. Our audit also did not include the operations of the Legislature.

Management's Responsibility

Management is responsible for compliance with Federal statutes, regulations, and the terms and conditions of its Federal awards applicable to its Federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the State of Florida's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*,

issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the State of Florida's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our qualified and unmodified opinions on compliance for major Federal programs. However, our audit does not provide a legal determination of the State of Florida's compliance.

Basis for Qualified Opinion on the National Guard Military Operations and Maintenance (O&M) Projects, Unemployment Insurance, Federal Family Education Loans Program, Temporary Assistance for Needy Families Cluster, Supplemental Nutrition Assistance Program Cluster, Refugee and Entrant Assistance State/Replacement Designee Administered Programs, Social Services Block Grant, Medicaid Cluster, Block Grants for Community Mental Health Services, Block Grants for Prevention and Treatment of Substance Abuse, and Disaster Grants – Public Assistance (Presidentially Declared Disasters)

As described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**, the State of Florida did not comply with requirements regarding the following:

Finding No. 2018-	CFDA No.	Major Program (or Cluster) Name	Compliance Requirement
005	12.401	National Guard Military Operations and Maintenance (O&M) Projects	Procurement and Suspension and Debarment
014	17.225	Unemployment Insurance	Eligibility
017	17.225	Unemployment Insurance	Special Tests and Provisions – Unemployment Insurance Benefit Payments
025	10.561, 93.558, 93.566, 93.667, 93.778, 93.958, 93.959	Supplemental Nutrition Assistance Program Cluster, Temporary Assistance for Needy Families Cluster, Refugee and Entrant Assistance State/Replacement Designee Administered Programs, Social Services Block Grant, Medicaid Cluster, Block Grants for Community Mental Health Services, and Block Grants for Prevention and Treatment of Substance Abuse	Period of Performance
026	93.558	Temporary Assistance for Needy Families Cluster	Special Tests and Provisions – Income Eligibility and Verification System

033	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Activities Allowed or Unallowed and Allowable Costs/Cost Principles
035	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Subrecipient Monitoring
036	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Subrecipient Monitoring

Compliance with such requirements is necessary, in our opinion, for the State of Florida to comply with the requirements applicable to the respective programs.

As described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**, we were unable to obtain sufficient appropriate audit evidence supporting that the State of Florida complied with requirements regarding the following:

Finding No. 2018-	CFDA Nos.	Major Program (or Cluster) Name	Compliance Requirements
015	17.225	Unemployment Insurance	Reporting and Special Tests and Provisions – Unemployment Insurance Program Integrity – Overpayments
019	84.032	Federal Family Education Loans	Special Tests and Provisions – Assignment of Defaulted Loans to the United States Department of Education (USED) and Correct Handling of Loans Sold to the USED

Consequently, we were unable to determine whether the State of Florida complied with those requirements applicable to the programs.

Qualified Opinion on the National Guard Military Operations and Maintenance (O&M) Projects, Unemployment Insurance, Federal Family Education Loans Program, Temporary Assistance for Needy Families Cluster, Supplemental Nutrition Assistance Program Cluster, Refugee and Entrant Assistance State/Replacement Designee Administered Programs, Social Services Block Grant, Medicaid Cluster, Block Grants for Community Mental Health Services, Block Grants for Prevention and Treatment of Substance Abuse, and Disaster Grants – Public Assistance (Presidentially Declared Disasters)

In our opinion, except for the noncompliance and possible effects of the matters described in the Basis for Qualified Opinion paragraphs, the State of Florida complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the National Guard Military Operations and Maintenance (O&M) Projects, Unemployment Insurance, Federal Family Education Loans Program, Temporary Assistance for Needy Families Cluster, Supplemental Nutrition Assistance Program Cluster, Refugee and Entrant Assistance State/Replacement Designee Administered Programs, Social Services Block Grant, Medicaid Cluster, Block Grants for Community Mental Health Services, Block Grants for Prevention and Treatment of Substance Abuse, and Disaster Grants – Public Assistance (Presidentially Declared Disasters) for the fiscal year ended June 30, 2018.

Unmodified Opinion on Each of the Other Major Federal Programs

In our opinion, the State of Florida complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major Federal programs identified in the **Summary of Auditor's Results** section of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** for the fiscal year ended June 30, 2018.

Other Matters

The results of our auditing procedures disclosed other instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** as:

Finding Nos. 2018-:

003	006-008	020	023
027-028	030-032	037	

Our opinion on each major Federal program is not modified with respect to these matters.

The State of Florida's responses to the noncompliance findings identified in our audit are described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** and **MANAGEMENT'S CORRECTIVE ACTION PLAN**. The State of Florida's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Management of the State of Florida is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the State of Florida's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the State of Florida's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal

program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the following findings and included in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** to be material weaknesses:

Finding No. 2018-	CFDA Nos.	Major Program (or Cluster) Name	Compliance Requirements
004	12.401	National Guard Military Operations and Maintenance (O&M) Projects	Cash Management, Matching, Level of Effort, Earmarking, and Reporting
005	12.401	National Guard Military Operations and Maintenance (O&M) Projects	Procurement and Suspension and Debarment
014	17.225	Unemployment Insurance	Eligibility
015	17.225	Unemployment Insurance	Reporting and Special Tests and Provisions – Unemployment Insurance Program Integrity – Overpayments
017	17.225	Unemployment Insurance	Special Tests and Provisions – Unemployment Insurance Benefit Payments
019	84.032	Federal Family Education Loans	Special Tests and Provisions – Assignment of Defaulted Loans to the United States Department of Education (USED) and Correct Handling of Loans Sold to the USED
025	10.561, 93.558, 93.566, 93.667, 93.778, 93.958, 93.959	Supplemental Nutrition Assistance Program Cluster, Temporary Assistance for Needy Families Cluster, Refugee and Entrant Assistance State/Replacement Designee Administered Programs, Social Services Block Grant, Medicaid Cluster, Block Grants for Community Mental Health Services, and Block Grants for Prevention and Treatment of Substance Abuse	Period of Performance
026	93.558	Temporary Assistance for Needy Families Cluster	Special Tests and Provisions – Income Eligibility and Verification System
033	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Activities Allowed or Unallowed and Allowable Costs/Cost Principles
035	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Subrecipient Monitoring
036	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)	Subrecipient Monitoring

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal

control over compliance described in the following findings and included in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** to be significant deficiencies:

Finding Nos. 2018-:

003	006-008	012-013	016
018	020-021	023-024	027
029	031-032	034	037

The State of Florida’s responses to the internal control over compliance findings identified in our audit are described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** and **MANAGEMENT’S CORRECTIVE ACTION PLAN**. The State of Florida’s responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Florida as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the State of Florida's basic financial statements. We issued our Independent Auditor's Report thereon dated February 8, 2019, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the State of Florida's basic financial statements.

The accompanying **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Respectfully submitted,

A handwritten signature in blue ink that reads "Sherrill F. Norman".

SECTION I - SUMMARY OF AUDITOR'S RESULTS

Financial Statements

Type of auditor's report issued on whether the financial statements audited were prepared in accordance with GAAP:	Unmodified on all opinion units
Internal control over financial reporting:	
Material weaknesses identified?	No
Significant deficiencies identified?	Yes
Noncompliance material to financial statements noted?	No

Federal Awards

Internal control over major Federal programs:	
Material weaknesses identified?	Yes
Significant deficiencies identified?	Yes

Type of auditor's report issued on compliance for major Federal programs:
Unmodified for all major programs, except for the following programs for which the report was qualified:

- Supplemental Nutrition Assistance Program Cluster (10.551 and 10.561)**
- National Guard Military Operations and Maintenance (O&M) Projects (12.401)**
- Unemployment Insurance (17.225)**
- Federal Family Education Loans (84.032)**
- Temporary Assistance for Needy Families Cluster (93.558 and 93.714)**
- Refugee and Entrant Assistance State/Replacement Designee Administered Programs (93.566)**
- Social Services Block Grant (93.667)**
- Medicaid Cluster (93.775, 93.777, and 93.778)**
- Block Grants for Community Mental Health Services (93.958)**
- Block Grants for Prevention and Treatment of Substance Abuse (93.959)**
- Disaster Grants – Public Assistance (Presidentially Declared Disasters) (97.036)**

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?	Yes
Dollar threshold used to distinguish between Type A and Type B programs:	\$55,840,347
Auditee qualified as low-risk auditee?	No

**LISTING OF MAJOR PROGRAMS
FISCAL YEAR ENDED JUNE 30, 2018**

Name of Federal Program or Cluster (1)	CFDA Number(s)	Total Expenditures
Supplemental Nutrition Assistance Program Cluster	10.551 & 10.561	\$ 6,108,191,301
National Guard Military Operations and Maintenance (O&M) Projects	12.401	31,855,972
Crime Victim Assistance	16.575	59,124,780
Employment Service Cluster	17.207, 17.801, & 17.804	52,798,383
Unemployment Insurance	17.225	498,311,160
Workforce Innovation and Opportunity Act Cluster (2)	17.258, 17.259, & 17.278	148,075,933
Federal Family Education Loans	84.032	59,476,856
Rehabilitation Services – Vocational Rehabilitation Grants to States	84.126	186,067,648
Aging Cluster	93.044, 93.045, & 93.053	78,376,382
TANF Cluster	93.558 & 93.714	402,606,003
Refugee and Entrant Assistance State/Replacement Designee Administered Programs	93.566	62,719,972
Low-Income Home Energy Assistance	93.568	64,695,018
Foster Care – Title IV-E	93.658	247,102,098
Adoption Assistance	93.659	136,590,411
Social Services Block Grant	93.667	161,696,964
Medicaid Cluster (2)	93.775, 93.777, & 93.778	15,453,444,000
Opioid STR	93.788	26,154,537
Block Grants for Community Mental Health Services	93.958	39,249,694
Block Grants for Prevention and Treatment of Substance Abuse	93.959	111,652,440
Disaster Grants – Public Assistance (Presidentially Declared Disasters)	97.036	253,556,383
Research and Development Cluster (2)	(1)	<u>875,631,237</u>
Total		<u>\$25,057,377,172</u>

Notes: (1) The Schedule of Expenditures of Federal Awards identifies the programs included within the respective clusters.
(2) This program included ARRA funds expended during the 2017-18 fiscal year.

SECTION II - FINANCIAL STATEMENTS FINDINGS

Our audit of the State of Florida's basic financial statements for the fiscal year ended June 30, 2018, disclosed certain matters that we communicated in the **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**. These findings are categorized in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that findings be categorized in a manner that discloses their significance. The categorizations established and defined by the standards are as follows:

- A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented, or detected and corrected on a timely basis.
- A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

SIGNIFICANT DEFICIENCY

LONG-TERM LIABILITIES

Finding Number	2018-001
Opinion Unit	Governmental Activities; Transportation Governmental Fund
Financial Statements	Long-term liabilities, Due within one year, Charges for Services, and Net position
Account Titles	– beginning, as restated; Fees and charges, Deposits, and Fund Balance – beginning, as restated
SW Fund Number	200400
State Agency	Florida Department of Transportation (FDOT)
OLO-GF-SF-FID	550000-10-2-540001
GL Codes	38880, 61320, 54200
Adjustment Amount	\$74,986,000, \$14,000, \$75,000,000
Statistically Valid Sample	N/A
Finding	The FDOT did not record a prior-period adjustment for the correction of an error in previously issued financial statements. Additionally, the FDOT did not record a liability for a payment received prior to meeting eligibility requirements and becoming susceptible to accrual.
Criteria	<p>Governmental Accounting Standards Board (GASB) Codification Section N50.118 specifies that resources transmitted before the eligibility requirements are met, excluding time requirements, should be reported as liabilities by the recipient. Further, GASB Codification Section 1600.106 provides that revenues are recognized in the accounting period in which they become susceptible to accrual.</p> <p>GASB Codification Section 2250.123 specifies that the correction of an error in previously issued financial statements should be accounted for and reported as a prior-period adjustment and excluded from the change in net position section of the government-wide statement of activities.</p>
Condition	During the 2017-18 fiscal year, the FDOT discovered that a payment received from a locally funded agreement (LFA) in July 2017 had been erroneously reported as revenue during the 2016-17 fiscal year prior to meeting all eligibility requirements and becoming susceptible to accrual. To correct this error, the FDOT appropriately recorded a liability, Deposits, for the unearned revenue; however, the FDOT did not record a prior-period adjustment to remove the revenue from Net position - beginning or the Fund balance - beginning of the Governmental Activities and Transportation Governmental Fund statements, respectively. Additionally, for the 2017-18 fiscal year, the FDOT incorrectly recorded a payment received from the LFA as Fees and charges prior to meeting all eligibility requirements.
Cause	In response to our audit inquiry, FDOT management indicated that the standard documents used to record fiscal year end adjusting entries did not appropriately provide for the recording of liabilities when eligibility requirements had not been met for amounts received from LFAs.
Effect	Prior to audit adjustment, the Governmental Activities, Long-term liabilities, due within one year, and Charges for Services accounts were understated by \$74,986,000 and \$14,000, respectively, and the Net position – beginning, as restated account was overstated by \$75,000,000. Additionally, the Deposits and Fees and charges accounts were understated by \$74,986,000 and \$14,000, respectively, and the Fund balance - beginning, as restated account was overstated by \$75,000,000 in the Transportation Governmental Fund.

Recommendation

We recommend that FDOT management take steps to ensure that the correction of an error in previously issued financial statements be properly recorded for financial statement purposes. Additionally, we recommend that FDOT management enhance the standard documents used to record fiscal year end adjusting entries to ensure that liabilities are recorded for amounts received prior to eligibility requirements being met and becoming susceptible to accrual.

State Agency Response

The Department concurs with the finding. Upon discovery of the issue, the Department promptly conducted and completed training for the Accounts Receivable Administrator on the proper accounting entries for Local Fund Agreements containing payment provisions spanning multiple fiscal years. In addition, we have updated our accounting entry templates to account for these types of agreements, utilizing the appropriate unearned revenue general ledger codes.

SIGNIFICANT DEFICIENCY

POOLED INVESTMENTS WITH STATE TREASURY

Finding Number	2018-002
Opinion Unit	Health and Family Services Fund
Financial Statements Account Titles	Investment earnings (losses); Expenditures, current; and Pooled investments with State Treasury
SW Fund Number	202400
State Agency	Florida Department of Health (FDOH)
OLO-GF-SF-FID	640000-20-2-141001, 640000-20-2-339060
GL Codes	615, 711, 141
Adjustment Amounts	\$60,000,000 and \$5,000,000
Statistically Valid Sample	N/A
Prior Year Finding	Report No. 2018-189, Finding No. 2017-002
Finding	The FDOH improperly recorded withdrawals from the State Treasury Investment Pool as investment earnings and current expenditures.
Criteria	Governmental Accounting Standards Board Codification Section 1800.130 defines <i>revenues</i> and <i>expenditures</i> , in the context of governmental fund financial statements, as increases in (sources of) and decreases in (uses of) fund financial resources, respectively. Accordingly, transfers of cash to and from a pooled investment fund, recognized separately from events that change the financial condition of a governmental fund, do not constitute revenues and expenditures.
Condition	As similarly noted in report No. 2018-189 (Finding No. 2017-002), the FDOH improperly recorded for the 2017-18 fiscal year withdrawals from the State Treasury Investment Pool totaling \$60,000,000 as investment earnings and current expenditures. Additionally, the FDOH improperly recorded withdrawals from the State Treasury Investment Pool totaling \$5,000,000 as investment earnings and Pooled investments with State Treasury.
Cause	FDOH policies and procedures provided inaccurate guidance to staff for accounting for withdrawals from the State Treasury Investment Pool.
Effect	Prior to audit adjustment, the Investment earnings (losses) account was overstated by \$65,000,000; the Expenditures, current account was overstated by \$60,000,000; and the Pooled investments with State Treasury account was overstated by \$5,000,000.
Recommendation	We again recommend that FDOH management amend policies and procedures for recording withdrawals from the State Treasury Investment Pool to ensure that amounts are accurately recorded for financial statement purposes.
State Agency Response	We concur. The Department of Health, Financial Management Section, has researched the transactions and determined the steps needed to avoid this issue in the future. The Set File within the Florida Accounting Information Resource (FLAIR) will be updated to pull the General Ledger Code (GLC) 14100 when processing the Transaction (TR) 96 for divestment of funds.

Section III - Federal Awards Findings and Questioned Costs

Our audit findings with regard to compliance and internal controls over compliance with the requirements of major Federal awards programs are disclosed on the following pages. Where applicable and determinable, we have disclosed actual questioned costs where known or likely questioned costs exceeded \$25,000. To identify the nature and significance of each finding, we have identified each finding with one or more of the following designations:

- **Disclaimer of Opinion.** A finding that presents conditions where the auditor is unable to express an opinion on a compliance requirement for a major Federal program. A disclaimer would be appropriate when the auditor is not able to perform procedures sufficient to enable the auditor to form an opinion on compliance. This would include findings of inadequate records that resulted in restrictions being placed on the scope of the audit.
- **Opinion Qualification.** A finding presenting a condition that affects the auditor's ability to give an unqualified opinion on compliance. This would include findings of noncompliance with Federal statutes, regulations, or the terms and conditions of Federal awards related to a major Federal program, the effects of which are material to the major Federal program as a whole.
- **Noncompliance.** A finding presenting noncompliance with Federal statutes, regulations, or the terms and conditions of Federal awards related to a major Federal program caused by error or fraud, the effects of which are material in relation to a type of compliance requirement identified in the *OMB Compliance Supplement*.
- **Material Weakness.** A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. A material weakness is considered in relation to a type of compliance requirement identified in the *OMB Compliance Supplement*.
- **Significant Deficiency.** A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A significant deficiency is considered in relation to a type of compliance requirement identified in the *OMB Compliance Supplement*.
- **Questioned Costs.** Costs that are questioned by the auditor because of an audit finding that reported: (a) a violation or possible violation of a statute, regulation, or the terms and conditions of a Federal award, including funds used to match Federal funds; (b) costs, at the time of the audit, which were not supported by adequate documentation; or, (c) costs incurred that appeared unreasonable and did not reflect the actions a prudent person would take in the circumstances.

As part of the audit process, our findings were provided to the applicable entities for management's response. The responses were prepared by entity management and are included within the audit findings as well as Management's Corrective Action Plan.

We have presented our findings, generally, by Federal grantor agency and in the order of the Catalog of Federal Domestic Assistance Number (CFDA No.) assigned to each applicable Federal award program. Findings that pertain to multiple programs are generally presented as the first findings within the Federal grantor agency section. In some instances, a finding may pertain to programs provided by more than one Federal grantor agency. In such instances, the finding is presented within the section for the Federal grantor agency that provided the most funding for the applicable agency. An **Index of Federal Findings by Federal Agency and Compliance Requirement** is included to assist Federal grantor agencies in identifying applicable findings.

U.S. DEPARTMENT OF AGRICULTURE

Finding Number	2018-003
CFDA Number	10.551 and 10.561
Program Title	Supplemental Nutrition Assistance Program (SNAP) Cluster
Compliance Requirement	Reporting
State Entity	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	N/A
Statistically Valid Sample	N/A
Finding Type	Noncompliance and Significant Deficiency
Finding	The FDCF did not submit the required Federal Financial Reports to the U.S. Department of Agriculture (USDA).
Criteria	<p>7 CFR 273.18(m) – <i>Accounting procedures</i> – The State agency must maintain an accounting system for monitoring recipient claims against households.</p> <p>7 CFR 272.10(b)(2) – <i>Issuance, reconciliation and reporting</i> – The State must provide for the tracking, aging, and collection of recipient claims and preparation of the Food and Nutrition Service (FNS)-209 Status of Claims Against Households report.</p>
Condition	The USDA requires states to submit a quarterly FNS-209 report to report claim establishment, collection, and retention amounts for households that receive more SNAP benefits than they are entitled to receive. The USDA requires states to establish a claim against applicable households and demand repayment. The FDCF utilizes the Integrated Benefit Recovery System (IBRS) as the system of record for monitoring claims against households. During the 2017-18 fiscal year, the FDCF issued SNAP benefits totaling \$6,031,767,277. Our inquiries of FDCF management disclosed that the FDCF did not submit the FNS-209 report to the USDA for any quarter during the fiscal year.
Cause	FDCF management indicated that programming errors in IBRS prevented the accurate preparation of FNS-209 reports and that they notified the USDA of the programming errors and the FDCF's efforts to resolve them.
Effect	The FDCF is not in compliance with Federal regulations.
Recommendation	We recommend that the FDCF make appropriate modifications to IBRS to correct the programming errors and submit the required FNS-209 reports.
State Entity Response	<p>The Department identified that the U.S. Department of Agriculture (USDA) Food and Nutrition Service (FNS) 209 reporting system had inaccurate balances for our claims establishment and recoveries. Through a lengthy data analysis, it was determined that the cause of the inaccuracy was due to programming errors within the Integrated Benefit Recovery System (IBRS) system that creates the FNS-209.</p> <p>During the fiscal year 2017-2018, IBRS went through significant changes and upgrades to correct the programming errors. The corrected FNS-209 reports were generated on IBRS effective January 4, 2019. The Department is working with FNS to backout the incorrect data in their FNS-209 system to allow for the submission of the corrected reports. However, this audit report should reflect:</p> <ol style="list-style-type: none">1. The Department identified the deficiency, immediately reported the issue, financed the solution, and has continually communicated with FNS.2. The Department has continued to remit federal share of costs and track all claims and collections while the system modifications were underway.3. The Department has identified defects in the FNS system that prevents accurate state inputs. To properly accept Department FNS-209 reports, the Federal system deficiencies will need to be addressed.

THIS PAGE INTENTIONALLY LEFT BLANK

U.S. DEPARTMENT OF DEFENSE

Finding Number	2018-004
CFDA Number	12.401
Program Title	National Guard Military Operations and Maintenance (O&M) Projects
Compliance Requirement	Cash Management, Matching, Level of Effort, Earmarking, and Reporting
State Entity	Florida Department of Military Affairs (FDMA)
Federal Grant/Contract Number and Grant Year	W911YN-16-2-1000 2015-2020
Statistically Valid Sample	No
Finding Type	Material Weakness
Prior Year Finding	Report No. 2018-189, Finding No. 2017-005
Finding	FDMA records did not evidence that access to the Integrated Emergency Operations Management System (IEOMS) was granted only to authorized users or that the access privileges granted were appropriate.
Criteria	<p>2 CFR 200.302 – <i>Financial Management</i> – Each state must expend and account for the Federal award in accordance with state laws and procedures for expending and accounting for the state’s own funds.</p> <p>Agency for State Technology (AST) Rule 74-2.003(1), Florida Administrative Code – <i>Access Control</i> – Each agency shall ensure that access to information technology resources is limited to authorized users, processes, or devices, and to authorized activities and transactions, and that a periodic review of access rights is conducted.</p> <p>AST Rule 74-2.003(5), Florida Administrative Code – <i>Information Protection Processes and Procedures</i> – Each agency shall ensure that security policies, processes and procedures are maintained and used to manage protection of information systems and assets.</p>
Condition	The FDMA uses IEOMS to manage accounting functions and to generate Federally mandated reports. IEOMS also supports emergency operations payrolls and expenditures and includes confidential data such as social security numbers. During the 2017-18 fiscal year, the FDMA expended O&M Project funds totaling \$31,855,972. Our review of FDMA access controls for IEOMS disclosed that controls over access needed improvement. Specifically, user access was granted and roles were assigned by telephone and e-mail requests and online through IEOMS. Our review of the access privileges for 10 of the 1,080 IEOMS user accounts active as of June 11, 2018, disclosed that the FDMA could not provide documentation evidencing that the access privileges for the 10 users were authorized or appropriate prior to being granted. In addition, FDMA management indicated that, during the period July 2017 through June 2018, the FDMA did not review the appropriateness of current IEOMS user access privileges.
Cause	FDMA management indicated that a process had been developed to require all IEOMS users to complete a System Authorization Access Request form to document user access authorization; however, the process has not been fully implemented. In addition, access privileges for current users were not reviewed due to employee workload issues.
Effect	Absent user access authorization documentation appropriately prepared, approved, and maintained and periodic reviews of the appropriateness of user access privileges, the FDMA cannot demonstrate that access to IEOMS is appropriately limited to authorized users for authorized purposes. Additionally, the confidentiality of data stored in IEOMS may be at increased risk of compromise.

Recommendation

To ensure that IEOMS is accessible only to authorized users for authorized purposes, we recommend that the FDMA fully implement the use of System Authorization Access Request forms to document the authorization of all IEOMS user access privileges prior to granting user access and FDMA management periodically review the appropriateness of IEOMS user access privileges.

State Entity Response

We concur with your findings and recommendation to enforce procedures for requiring access authorization documents for the Integrated Emergency Operations Management System (IEOMS). Steps taken previously were not sustainable. The Department of Military Affairs (DMA) will initiate a process through the emergency management directorate reconciling the findings by implementing a complete and thorough review of all personnel with access to IEOMS. All users will be required to formally request permission annually through a form managed at a central location (Joint Operations Center) to approve/disapprove IEOMS access. All users' permissions will be reviewed daily for expiration and will be required to re-submit an access request annually in order to ensure appropriate personnel maintain access for their current roles.

U.S. DEPARTMENT OF DEFENSE

Finding Number	2018-005
CFDA Number	12.401
Program Title	National Guard Military Operations and Maintenance (O&M) Projects
Compliance Requirement	Procurement and Suspension and Debarment
State Entity	Florida Department of Military Affairs (FDMA)
Federal Grant/Contract Number and Grant Year	W911YN-16-2-1000 2015-2020
Statistically Valid Sample	No
Finding Type	Opinion Qualification and Material Weakness
Finding	The FDMA could not demonstrate that, prior to entering into covered transactions, the FDMA determined that the contractors were not suspended, debarred, or otherwise excluded by the Federal Government. Additionally, the FDMA did not include in applicable contractual agreements a clause requiring the contractor to comply with Federal guidance on suspension and debarment.
Criteria	<p>2 CFR 180.300 – <i>What must I do before I enter into a covered transaction with another person at the next lower tier?</i> – When you enter into a covered transaction with another person at the next lower tier, you must verify that the person with whom you intend to do business is not excluded or disqualified. You do this by: (a) Checking System for Award Management (SAM) Exclusions, (b) Collecting a certification from that person, or (c) Adding a clause or condition to the covered transaction with that person.</p> <p>U.S. Department of Defense, National Guard Bureau - <i>Master Cooperative Agreement</i> – The grantee agrees to check SAM to verify contractor eligibility to receive contracts. The verification shall be documented in the contract files. Also, for each contract for an amount equal to or greater than \$25,000, the grantee must include a clause requiring the contractor to comply with the guidance on suspension and debarment included in 2 CFR 180.</p>
Condition	During the 2017-18 fiscal year, the FDMA entered into 67 contractual agreements with 33 contractors utilizing O&M Project funds totaling \$12,579,408. We examined FDMA records for 7 contractual agreements, totaling \$1,105,308, entered into with 5 contractors during the 2017-18 fiscal year. Our examination disclosed that FDMA records did not evidence that, prior to entering into the contractual agreements, the FDMA verified through SAM that the contractors were not suspended, debarred, or otherwise excluded. In addition, our examination disclosed that the FDMA did not include in the 4 contractual agreements equal to or greater than \$25,000 a clause requiring the contractor to comply with guidance on suspension and debarment. Our review of the FDMA <i>Construction Facility Management Office Contract Management Branch Standard Operating Procedures</i> disclosed that the <i>Procedures</i> did not require FDMA staff to verify that a contractor was not suspended, debarred, or otherwise excluded prior to entering into a contractual agreement or require that applicable contracts include a clause related to suspension and debarment compliance.
Cause	FDMA policies and procedures did not require staff to verify through SAM that a contractor was not suspended, debarred, or otherwise excluded prior to entering into a contract, nor require that a clause related to suspension and debarment compliance be included in applicable contractual agreements.
Effect	Absent adequate controls, the risk is increased that the FDMA could unknowingly enter into covered transactions with contractors who have been suspended, debarred, or otherwise excluded by the Federal Government. In addition, O&M Project funds provided to contractors could be subject to disallowance by the U.S. Department of Defense.

Recommendation

We recommend that FDMA management enhance policies and procedures to ensure that FDMA records evidence that, prior to entering into covered transactions, the FDMA verified through SAM that contractors were not suspended, debarred, or otherwise excluded by the Federal Government. We also recommend that FDMA management enhance policies and procedures to require that all contracts equal to or greater than \$25,000 include a clause requiring the contractor to comply with the guidance on suspension and debarment included in 2 CFR 180.

State Entity Response

We acknowledge and accept your findings and recommendations and we will immediately take steps to correct the policies and procedures. Additional language/clause will be added to the non-technical specifications to ensure both DMA and contractors are aware of the requirement and that all parties comply with the requirements to ensure that non-responsible contractors are not given the opportunity to be awarded a DMA contract especially when federal funding is used. This procedure and finding will be briefed during the next CFMO staff meeting to ensure all branch chiefs are aware of the requirement so that they can inform their staff. Contracting staff will explore the SAM site to ensure they have requested access, if required, and will begin reviewing instructions to ensure they understand the capabilities and formatting of the website.

U.S. DEPARTMENT OF DEFENSE

Finding Number	2018-006
CFDA Number	12.401
Program Title	National Guard Military Operations and Maintenance (O&M) Projects
Compliance Requirement	Reporting
State Entity	Florida Department of Military Affairs (FDMA)
Federal Grant/Contract Number and Grant Year	W911YN-16-2-1000 2015-2020
Statistically Valid Sample	No
Finding Type	Noncompliance and Significant Deficiency
Finding	The FDMA did not always report program income on Federal Financial Reports.
Criteria	The U.S. Department of Defense Master Cooperative Agreement requires the FDMA to report on each Standard Form 270 – <i>Request for Advance or Reimbursement</i> (financial report), all program income earned and used during the reporting period covered by the financial report.
Condition	The FDMA received program income from local entity use of FDMA property supported by O&M Project funds, for example, a shooting range. Our examination of 25 financial reports submitted by the FDMA to the U.S. Department of Defense during the 2017-18 fiscal year disclosed that, for 2 financial reports submitted for the months of November 2017 and March 2018, the FDMA did not report program income earned totaling \$2,540 and \$224, respectively, on the submitted financial reports.
Cause	In response to our audit inquiry, FDMA management indicated that the program income omissions were due to employee oversight. Additionally, the FDMA review process was not sufficient to detect and correct the omissions.
Effect	The financial reports submitted by the FDMA to the U.S. Department of Defense did not include all required program income. In addition, the FDMA has reduced assurance that the financial reports submitted are complete and accurate.
Recommendation	We recommend that the FDMA take appropriate steps, including enhancing review process controls, to ensure that program income is properly reported on financial reports submitted to the U.S. Department of Defense.
State Entity Response	We concur with your finding that the DMA did not always report program income (PI) on federal financial reports, and recommendations to ensure that PI is reported properly. Since the audit inquiry, DMA Finance and Accounting section has taken appropriate steps to enhance the review process and prevent PI from not being reported, especially since not all Operations and Maintenance projects earn program income. Additional steps have been included in the formulation of the Standard Form 270 requiring the accountant specialist to check for PI.

THIS PAGE INTENTIONALLY LEFT BLANK

U.S. DEPARTMENT OF JUSTICE

Finding Number	2018-007
CFDA Number	16.575
Program Title	Crime Victim Assistance
Compliance Requirement	Subrecipient Monitoring
State Entity	Florida Department of Legal Affairs (FDLA)
Federal Grant/Contract Number and Grant Year	2015-VA-GX-0008 2015
Statistically Valid Sample	No
Finding Type	Noncompliance and Significant Deficiency
Finding	The FDLA did not notify subrecipients of required award information.
Criteria	2 CFR Part 200.331 – <i>Requirements for pass-through entities</i> – All pass-through entities must ensure that every subaward is clearly identified to the subrecipient as a subaward and include certain information at the time of the subaward.
Condition	Pursuant to Federal regulations, the FDLA utilized a standard contract document to document the FDLA’s notification of required Federal award information and applicable Federal regulations. During the 2017-18 fiscal year, the FDLA made 260 Crime Victim Assistance subawards, totaling \$77,032,824, to 247 subrecipients. Our review of the standard contract document disclosed that contract did not include all required Federal award information. In addition, our review of FDLA records related to 25 of the subawards disclosed that the FDLA had not provided the subrecipients all required award information.
Cause	According to FDLA management, they were not aware that the award identification requirements applied to the subawards and were revising subaward documentation to include all required information.
Effect	The failure to communicate required award information to subrecipients may result in noncompliance with Federal regulations.
Recommendation	We recommend that FDLA management revise the standard contract document and all applicable subawards to ensure that required award information is included in each subaward and that all award information and terms and conditions are provided to subrecipients.
State Entity Response	This matter was addressed in October 2018, and all grant recipients receiving funding for the 2018-2019 federal grant cycle were provided with the required information.

U.S. DEPARTMENT OF JUSTICE

Finding Number 2018-008
CFDA Number 16.575
Program Title Crime Victim Assistance
Compliance Requirement Subrecipient Monitoring
State Entity Florida Department of Legal Affairs (FDLA)
Federal Grant/Contract Number and Grant Year 2015-VA-GX-0008 2015
Statistically Valid Sample No
Finding Type Noncompliance and Significant Deficiency

Finding FDLA controls did not always ensure that the results of on-site monitoring visits were adequately documented and, in some instances, FDLA records did not evidence review and verification of follow-up corrective actions by subrecipients.

Criteria 2 CFR 200.331(d)(2) – *Requirements for pass-through entities* – Pass-through entity monitoring of the subrecipient must include following-up and ensuring that the subrecipient takes timely and appropriate action on all deficiencies pertaining to the Federal award provided to the subrecipient from the pass-through entity detected through audits, on-site reviews, and other means.

Condition During the 2017-18 fiscal year, the FDLA provided Crime Victim Assistance funds totaling \$57,719,290 to subrecipients and conducted on-site monitoring of the subrecipients of 104 grants. FDLA grant monitoring policies and procedures specified that the grant manager responsible for conducting on-site monitoring was to complete a *Monitoring and On-Site Visit Grant Manager Recommendations* form (Monitoring form). Among other things, the Monitoring form was to document the grant manager's recommended corrective actions for the subrecipient and follow-up verification by the Monitoring Program Administrator that appropriate actions had occurred.

Our examination of FDLA records for 23 of the 104 on-site monitoring visits conducted during the 2017-18 fiscal year disclosed that, for 3 of the on-site visits, the grant manager did not prepare a Monitoring form. Consequently, the FDLA could not demonstrate whether the grant manager recommended corrective actions for the subrecipient to take. Subsequent to our audit inquiry, the FDLA reviewed the monitoring visits documentation and determined that, for 2 on-site visits, corrective actions by the subrecipient were necessary. Additionally, we noted for 5 on-site monitoring visits that the Monitoring Program Administrator's review and verification of the subrecipient's corrective actions was not documented on the Monitoring form.

Cause According to FDLA management, the grant managers and Monitoring Program Administrator did not adhere to policies and procedures for completing and reviewing Monitoring forms.

Effect Absent completion of the Monitoring form, FDLA management cannot demonstrate that subrecipients were notified of all necessary corrective actions. Additionally, evidence of Monitoring Program Administrator review of all Monitoring forms is necessary to demonstrate that deficiencies noted during monitoring were timely corrected.

Recommendation We recommend that FDLA management enhance controls to ensure that Monitoring forms are completed for all on-site monitoring visits and that FDLA records evidence review and verification of subrecipient corrective actions.

State Entity Response

This matter was addressed upon discovery and corrected. Furthermore, the agency is in the process of standing up an internal Auditing Bureau whose responsibility will be to ensure all state and federal requirements are adhered to in accordance with published schedules and guidelines.

FINDING NUMBERS 2018-09 THROUGH 2018-011 NOT USED.

U.S. DEPARTMENT OF LABOR

Finding Number	2018-012
CFDA Number	17.225
Program Title	Unemployment Insurance (UI)
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, Eligibility, Reporting, and Special Tests and Provisions – UI Benefit Payments and UI Program Integrity – Overpayments
State Entity	Florida Department of Economic Opportunity (FDEO)
Federal Grant/Contract Number and Grant Year	Various
Statistically Valid Sample	N/A
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2018-189, Finding No. 2017-006
Finding	<p>CONNECT is a Web-based, multi-purpose system that provides a portal for UI claimants to apply for weekly UI benefits, monitor their accounts, and communicate with FDEO staff. CONNECT also serves employers and third-party administrators by providing a way to manage UI claims and appeals, update and monitor their UI accounts, and communicate with FDEO staff.</p> <p>In our information technology operational audit report titled <i>Department of Economic Opportunity – Reemployment Assistance Claims and Benefits Information System</i>, dated March 2019, we disclosed significant deficiencies related to selected information technology controls applicable to CONNECT. Details of the findings and recommendations are included in that report.</p>

U.S. DEPARTMENT OF LABOR

Finding Number	2018-013
CFDA Number	17.225
Program Title	Unemployment Insurance (UI)
Compliance Requirement	Allowable Costs/Cost Principles
State Entity	Florida Department of Economic Opportunity (FDEO)
Federal Grant/Contract Number and Grant Year	Various
Statistically Valid Sample	N/A
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2018-189, Finding No. 2017-007
Finding	Internal controls for the Electronic Payment Card (EPC) Processing and Settlement System need improvement.
Criteria	2 CFR 200.303 – <i>Internal Controls</i> – The non-Federal entity must establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award.
Condition	<p>The FDEO contracted with a service organization to provide services that enable UI claimants to receive UI benefits to which they are entitled through an electronic access card (debit card). During the 2017-18 fiscal year, the FDEO processed UI benefit payments totaling approximately \$401 million. Benefit payments distributed via debit card totaled \$90,188,015.</p> <p>The service organization obtained an independent service auditor's report for the period July 1, 2017, through June 30, 2018, in which the service organization's auditors qualified their opinion related to controls in place to provide reasonable assurance that logical access to programs, data, and computer resources was restricted to authorized and appropriate users, and such users were restricted to performing authorized and appropriate actions. The following control exceptions were noted in the report:</p>

Control	Exception
Access review is conducted on an annual basis to validate the Windows Active Directory users along with their group memberships assigned to them. Part of the validation includes verification that the appropriate members have access to the appropriate groups and that no access exists for any separated or transferred members.	For 5 of 36 users, who were marked for removal during the annual Windows Active Directory user access review, access was not removed at the time of the service auditor's procedures.
Window user accounts are disabled or removed when access is no longer required.	2 of 280 terminated users did not have their Windows Active Directory access removed at the time of the service auditor's procedures. The auditors determined through inspection of the Windows Active Directory dumpsec listings that the users did not log into the servers after termination.
Oracle user access review is conducted on an annual basis to validate the system-generated list of database user accounts that are used to access the database servers in the Production environment. Part of the validation includes verification that the appropriate members have access to the servers with the appropriate privileges and that the database accounts for all separated or transferred members have been removed.	The listing generated by management used for the annual Oracle user access review did not include all accounts with access to the databases.
A service request ticket is created in JTrac for granting access by either the new employee's manager, a designated employee, or EPPIC24, the computer operations support personnel group. The employee's manager approval is required and is provided either directly in the JTrac ticket by the manager or via e-mail that is attached to the JTrac ticket.	For 17 of 25 sampled users who were granted new access to EPPIC™ AT, documentation of access requests or approvals was not available.
A service request ticket is created in JTrac for removing EPPIC™ AT access by either the terminated employee's manager, a designated employee, or EPPIC24. The employee's manager approval is required and is provided either directly in the JTrac ticket by the manager or via e-mail that is attached to the JTrac ticket.	3 of 280 terminated users did not have their EPPIC™ AT access removed at the time of the service auditor's procedures.
User access review is conducted on an annual basis by all the Managers within the PSC and CSOC team, to validate the system generated list of EPPIC™ AT user accounts in the Production environment. As part of the validation, it is verified that the users have appropriate roles and privileges required as part of their job duties, and that the accounts for all separated or transferred members have been removed.	For 81 of 318 users who were marked for removal during the annual EPPIC™ AT user access review, access was not removed at the time of the service auditor's procedures.

Additional control exceptions related to user authentication and access were noted in the report. We are not disclosing the specific details of the exceptions to avoid the possibility of compromising EPC Processing and Settlement System data and related information technology (IT) resources.

Cause	The service organization had not effectively established certain IT controls to provide reasonable assurance that logical access to programs, data, and computer resources was restricted to authorized and appropriate users, and such users were restricted to performing authorized and appropriate actions. On October 1, 2018, the service organization provided documentation to the FDEO demonstrating that the deficiencies had been corrected.
Effect	Absent appropriate controls for providing and revoking access to programs, data, and computer resources, the FDEO has reduced assurance that UI data is appropriately safeguarded.
Recommendation	We recommend that the FDEO continue efforts to ensure that the service organization takes timely and appropriate corrective action to resolve the deficiencies noted in the independent service auditor's report.
State Entity Response	We concur with the finding. The contracted service organization is implementing process improvements and system enhancements to improve internal controls.

U.S. DEPARTMENT OF LABOR

Finding Number	2018-014
CFDA Number	17.225
Program Title	Unemployment Insurance (UI)
Compliance Requirement	Eligibility
State Entity	Florida Department of Economic Opportunity (FDEO)
Federal Grant/Contract Number and Grant Year	UI-29835-17-55-A-12 2017 and UI-31287-18-55-A-12 2018
Statistically Valid Sample	No
Finding Type	Opinion Qualification and Material Weakness
Finding	FDEO records did not always evidence that employer responses to UI benefit claims were considered in making benefit eligibility determinations.
Criteria	<p>Section 443.091, Florida Statutes, <i>Benefit eligibility conditions</i> – The FDEO is responsible for determining whether an unemployed individual is eligible to receive UI benefits.</p> <p>Section 443.101, Florida Statutes, <i>Disqualification for benefits</i> – An individual shall be disqualified for UI benefits for the week in which he or she has voluntarily left work without good cause attributable to his or her employing unit or has been discharged by the employing unit for misconduct connected with his or her work, based on a finding by the FDEO.</p> <p>FDEO Reemployment Assistance Manual – A <i>Notice of Reemployment Assistance Claim Filed</i> form (UCB-412 form) must be mailed to the employer whenever a separation is detected.</p>
Condition	<p>The FDEO sends a UCB-412 form to a claimant’s employer after a claim is filed. The employer’s response is to be used to verify that the claimant is eligible for UI benefits or to determine that the claimant is ineligible for benefits and establish an overpayment. The employer is required to provide the completed UCB-412 form to the FDEO through CONNECT, the Web-based system used to process all UI claims.</p> <p>During the 2017-18 fiscal year, the FDEO made UI benefit payments totaling approximately \$401 million. Our examination of FDEO records for 40 claimants determined to be eligible for UI benefits during the 2017-18 fiscal year disclosed that, for 6 of the 40 claimants, the FDEO did not consider the employers’ responses to the UCB-412 forms in making the eligibility determinations. UI benefit payments totaling \$17,247 were made to the 6 claimants.</p>
Cause	According to FDEO management, the UCB-412 forms for 3 of the claimants were not timely processed and considered because of a known defect in CONNECT and the UCB-412 forms for the other 3 claimants were not considered because of employee error.
Effect	Absent the timely processing of all UCB-412 forms, the FDEO has limited assurance that employer responses to UI benefit claims are appropriately considered in making benefit eligibility determinations.
Recommendation	We recommend that FDEO management enhance controls to ensure that UCB-412 forms are appropriately processed and employer responses are considered by FDEO staff in making benefit eligibility determinations.

State Entity Response

We concur with the finding.

The referenced CONNECT defect was corrected in December 2017.

Department management has identified and developed an improvement to the workflow process for Adjudicators which will streamline work assignments and expedite timely determinations.

U.S. DEPARTMENT OF LABOR

Finding Number 2018-015
CFDA Number 17.225
Program Title **Unemployment Insurance (UI)**
Compliance Requirement Reporting and Special Tests and Provisions – UI Program Integrity – Overpayments
State Entity **Florida Department of Economic Opportunity (FDEO)**
Federal Grant/Contract Number and Grant Year Various
Statistically Valid Sample N/A
Finding Type Disclaimer of Opinion and Material Weakness
Prior Year Finding Report No. 2018-189, Finding Nos. 2017-009 and 2017-010

Finding The FDEO could not provide accurate data demonstrating that benefit overpayments were properly identified and handled or that debts resulting from overpayments were appropriately offset. In addition, the FDEO could not demonstrate that the reported overpayment amounts on Federal Financial Reports were accurate.

Criteria Section 303(g)(1) of the Social Security Act – States shall deduct from unemployment benefits otherwise payable to an individual an amount equal to any overpayment amount made to such individual under an unemployment benefit program of the United States or of any other State, and not previously recovered.

UI Reports Handbook No. 401, *ETA 227 Overpayment Detection and Recovery Activities* – All applicable Employment and Training Administration (ETA) 227 report data should be traceable to overpayment and recovery data included in the State's financial accounting system.

Condition The FDEO processes all UI claims payment transactions through CONNECT, a Web-based, multi-purpose system that provides a portal for UI claimants to apply for UI benefits, monitor their accounts, and communicate with FDEO staff. CONNECT also serves employers and third-party administrators by providing a way to manage UI claims and appeals, update and monitor their UI accounts, and communicate with FDEO staff. CONNECT is also designed to be used by FDEO staff to evaluate claims information, authorize and process payments, adjudicate issues, and maintain claimant and employer data.

The quarterly ETA 227 report provides information on overpayments of intrastate and interstate claims under the regular State UI program and under Federal UI programs, including the Unemployment Compensation for Federal Employees (UCFE), Unemployment Compensation for Ex-Service members (UCX), and Extended Benefits (EB) programs. FDEO accomplishments related to benefit payment controls are shown in the ETA 227 report. The ETA and the FDEO need such information to monitor the integrity of the benefit payment processes in CONNECT.

During the 2017-18 fiscal year, the FDEO made UI benefit payments totaling approximately \$401 million and, according to CONNECT records, established 27,936 overpayments totaling \$19,708,796. However, our inquiries of FDEO management disclosed that the FDEO was in the process of addressing known overpayment issues with CONNECT. As a result, the FDEO was unable to provide accurate data demonstrating that benefit overpayments were properly identified and handled in accordance with applicable requirements or that debts resulting from overpayments were appropriately offset.

During the 2017-18 fiscal year, the FDEO submitted 4 quarterly ETA 227 reports to the U.S. Department of Labor (USDOL). FDEO management indicated that in June 2018 the FDEO began reviewing each line item included on the ETA 227

report to validate the accuracy of the reported amounts. As of January 7, 2019, FDEO management was in the process of validating the integrity of the report data. Consequently, the FDEO could not demonstrate that the overpayment amounts reported on the ETA 227 reports were accurate.

Cause

FDEO management indicated that the issues noted regarding the identification and handling of overpayments were due to known defects within CONNECT and that they have notified the USDOL of the defects.

Effect

Absent effective controls to ensure overpayments are accurately identified and handled, claimants may continue to receive UI benefits in error, debts resulting from overpayments may not be appropriately offset, employers may not be relieved of charges when overpayments are caused by untimely or inaccurate actions, and the FDEO cannot accurately report overpayment information on ETA 227 reports. In addition, the USDOL and FDEO are not able to effectively monitor the integrity of the UI program benefit payment process.

Recommendation

We recommend that the FDEO make appropriate modifications to CONNECT to ensure that benefit overpayments are properly identified and that all data is accurately reported on quarterly Federal Financial Reports.

State Entity Response

We concur with the finding. The Department is taking appropriate steps to validate the data reported on the ETA 227.

U.S. DEPARTMENT OF LABOR

Finding Number	2018-016
CFDA Number	17.225
Program Title	Unemployment Insurance (UI)
Compliance Requirement	Reporting and Special Tests and Provisions – Employer Experience Rating and Match with IRS 940 FUTA Tax Form
State Entity	Florida Department of Revenue (FDOR)
Federal Grant/Contract Number and Grant Year	Various
Statistically Valid Sample	N/A
Finding Type	Significant Deficiency
Finding	<p>In accordance with Section 443.1316, Florida Statutes, the Florida Department of Economic Opportunity (FDEO) contracted with the FDOR to collect reemployment assistance taxes and provide other reemployment assistance tax collection services. Accordingly, the FDOR is responsible for overseeing and coordinating the calculation of the employer tax rates and collection of employer tax payments for the Unemployment Insurance program. The FDOR utilizes the System for Unified Taxation (SUNTAX) to administer and account for various taxes, including reemployment assistances taxes. In our information technology operational audit report No. 2019-124, dated February 2019, we disclosed significant deficiencies related to selected SUNTAX information technology controls. Specifically, in Findings 1 through 3, we disclosed significant security control deficiencies related to access privileges. In Finding 4, we disclosed significant security control deficiencies related to logical access, user authentication, and logging and monitoring. Details of the findings and recommendations are included in that report.</p>

U.S. DEPARTMENT OF LABOR

Finding Number	2018-017
CFDA Number	17.225
Program Title	Unemployment Insurance (UI)
Compliance Requirement	Special Tests and Provisions – UI Benefit Payments
State Entity	Florida Department of Economic Opportunity (FDEO)
Federal Grant/Contract Number and Grant Year	Various
Statistically Valid Sample	No
Finding Type	Opinion Qualification and Material Weakness
Prior Year Finding	Report No. 2018-189, Finding No. 2017-011
Finding	FDEO case investigation records did not always include all required documentation evidencing compliance with FDEO and Federal requirements.
Criteria	<p>20 CFR 602.21 – <i>Standard methods and procedures</i></p> <p>20 CFR 602.21(c) – Requires each state to complete prompt and in-depth case investigations to determine the degree of accuracy and timeliness in the administration of the State UI law and Federal programs with respect to benefit determinations, benefit payments, and revenue collections. Furthermore, 20 CFR 601.21(e) specifies that each state shall make and maintain records pertaining to the quality control program and make all such records available in a timely manner for inspection, examination, and audit.</p> <p>U.S. Department of Labor (USDOL), Employment and Training Administration, <i>Benefit Accuracy Measurement State Operations Handbook</i>, Employment and Training (ET) Handbook No. 395, 5th Edition (<i>USDOL ET Handbook</i>)</p> <p>FDEO <i>BAM Florida Operational Manual Handbook (BAM Handbook)</i></p>
Condition	<p>During the 2017-18 fiscal year, the FDEO made UI benefit payments totaling approximately \$401 million. The Benefit Accuracy Measurement (BAM) program provides the basis for assessing the accuracy of UI payments, assessing improvements in UI program accuracy and integrity, and encouraging more efficient administration of the UI program. It is also used as a diagnostic tool for Federal and FDEO staff to identify errors (e.g., monetary redeterminations, misreported wages, and overpayments) and their causes and to correct and track solutions to these errors.</p> <p>The FDEO <i>BAM Handbook</i> provides a general overview of the BAM program and provides guidance to FDEO staff for conducting BAM case investigations in accordance with the requirements of the <i>USDOL ET Handbook</i>. Pursuant to the <i>BAM Handbook</i>, each case file must include, at a minimum, a copy of all agency documents from the claimant’s original claim file and all documents utilized in the BAM investigation. The <i>BAM Handbook</i> specifies, for both paid and denied cases, the investigation documentation required to be maintained in the case files. Our examination of FDEO records for 60 case investigations disclosed that, for 14 case investigations (23 percent), the FDEO did not maintain all required documentation. Specifically, the case files did not include:</p> <ul style="list-style-type: none">• A job service registration printout for 8 of 58 (14 percent) applicable case investigations.• Nonmonetary determinations documentation for 3 of 48 (6 percent) applicable case investigations.• Social security number detail for 2 of 49 (4 percent) applicable case investigations.

- A Summary of Investigation for 1 of 30 (3 percent) applicable case investigations.
- The required after-investigation documentation for 1 of the 60 (2 percent) case investigations. Specifically, the case file did not include the Investigation Activity Log, Claimant Questionnaire, Florida Research Economic Database documentation, or Wage Verification, Work Search Verification, and applicable Fact-Finding statements.

Cause

FDEO management indicated that the documentation was missing from the case files due to errors uploading the documents to CONNECT, the FDEO system used to process and maintain UI program data, as well as investigator errors and workload issues due to staff reductions. Additionally, 10 of the 60 case investigation files had not been reviewed by a supervisor, including 3 files with missing documentation. While Federal guidelines provide that supervisory review is optional, supervisory review could help detect documentation missing from FDEO case files.

Effect

The FDEO was not in compliance with *BAM Handbook* and *USDOL ET Handbook* case file documentation requirements. Absent supervisory review of required case file documentation, the FDEO has reduced assurance that BAM case investigations meet Federal requirements. In addition, incomplete case file documentation could affect the outcome of BAM case investigations and present limitations for Federal peer reviews.

Recommendation

We recommend that the FDEO strengthen controls, including for the conduct of supervisor reviews of case files, to ensure that all required case file documentation is appropriately retained.

State Entity Response

We concur with the finding. The Department has inserted additional safeguards by developing procedures and conducting supervisory reviews of Benefit Accuracy Measurement (BAM) case investigations to ensure required case file documentation is maintained.

THIS PAGE INTENTIONALLY LEFT BLANK

U.S. DEPARTMENT OF EDUCATION

Finding Number 2018-018
CFDA Number 84.032
Program Title Federal Family Education Loans
Compliance Requirement Reporting and Special Tests and Provisions – Federal Reinsurance Rate; Conditions of Reinsurance Coverage; Death, Disability, Closed Schools, False Certification, Unpaid Refunds, Bankruptcy, and Teacher Loan Forgiveness Claims; Default Aversion Assistance; Collection Efforts; Federal Share of Borrower Payments; Assignment of Default Loans to the U.S. Department of Education (USED); Federal Fund and Agency Operating Fund; Investments – Federal Fund; Collection Charges; Enforcement Action; and Correct Handling of Loans Sold to the USED

State Entity Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year N/A
Statistically Valid Sample N/A
Finding Type Significant Deficiency
Prior Year Finding Report No. 2018-189, Finding No. 2017-026

Finding The FDOE, Office of Student Financial Assistance (OSFA), is responsible for providing access to and administering State and Federal grants, scholarships, and loans to students seeking financial assistance for postsecondary study. OSFA is the designated guaranty agency for the State of Florida for all Federal Family Education Loan Program (FFELP) loans with first disbursements prior to July 1, 2010, and OSFA utilizes the FFELP System, a mainframe-based student loan information system located at the Northwest Regional Data Center, to execute its responsibilities.

In our information technology (IT) operational audit report No. 2018-196, dated March 2018, we disclosed significant deficiencies related to selected IT controls for the FFELP System. Specifically, in Findings 2 through 5, we disclosed significant FFELP System application control deficiencies. In Findings 6 through 11, we disclosed significant security control deficiencies related to FFELP System access control procedures and access privileges. In Finding 12, we disclosed that FFELP System change management controls and related procedures needed improvement. Details of the findings and recommendations are included in the IT operational audit report. While, during the 2017-18 fiscal year, the FDOE partially corrected certain deficiencies, the uncorrected deficiencies disclosed in the IT operational audit report collectively remain a significant deficiency.

U.S. DEPARTMENT OF EDUCATION

Finding Number	2018-019
CFDA Number	84.032
Program Title	Federal Family Education Loans
Compliance Requirement	Special Tests and Provisions – Assignment of Defaulted Loans to the United States Department of Education (USED) and Correct Handling of Loans Sold to the USED
State Entity	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	N/A
Statistically Valid Sample	N/A
Finding Type	Disclaimer of Opinion and Material Weakness
Prior Year Finding	Report No. 2018-189, Finding No. 2017-022
Finding	<p>Federal regulations (34 CFR 682.409) require the FDOE, Office of Student Financial Assistance (OSFA), to subrogate (assign) to the USED all loans on which the USED has paid reinsurance and which meet loan assignment requirements. Additionally, the USED Secretary may direct OSFA to assign to the USED certain categories of defaulted loans held by OSFA. OSFA uses the Federal Family Education Loan Program (FFELP) System to generate the forecast reports that identify the loans meeting the mandatory assignment criteria.</p> <p>In our information technology (IT) operational audit report No. 2018-196, dated March 2018, we disclosed material weaknesses related to selected IT controls applicable to the FFELP System. Specifically, in Finding 3, we disclosed that the FDOE did not provide documentation demonstrating that interface processing errors related to the Subrogation-SAIG Portal interface were timely investigated and corrected. Additionally, in Finding 4, we disclosed that the FDOE did not provide sufficient documentation to demonstrate that OSFA's subrogation process complied with USED mandatory assignment criteria; subrogation transaction processing errors were timely identified, logged, and resolved; and OSFA had adequate audit and monitoring capabilities to process subrogation and override transactions. Details of the findings and recommendations are included in the IT operational audit report. During the 2017-18 fiscal year, the FDOE had not fully corrected the identified deficiencies. Consequently, as a result of the uncorrected deficiencies, the FDOE could not demonstrate compliance with Federal requirements related to the assignment of defaulted loans to the USED.</p>

U.S. DEPARTMENT OF EDUCATION

Finding Number	2018-020
CFDA Number	84.032
Program Title	Federal Family Education Loans
Compliance Requirement	Special Tests and Provisions – Access to National Student Loan Data System (NSLDS)
State Entity	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	N/A
Statistically Valid Sample	No
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2018-189, Finding No. 2017-025
Finding	FDOE procedures did not require, prior to granting NSLDS user access privileges, documented verification that the access privileges were granted in accordance with U.S. Department of Education (USED) requirements. Additionally, the FDOE did not always timely deactivate user access privileges to the NSLDS when users were no longer eligible to have access.
Criteria	USED Letter GEN-05-06/FP-05-04 (USED letter) – <i>Access To and Use of NSLDS Information</i> – Each organization using the NSLDS is responsible for designating a Destination Point Administrator (DPA) who is responsible for: monitoring the use of and access to NSLDS data by all the organization’s users; deactivating a user ID when the person to whom it was assigned is no longer with the organization or otherwise is no longer eligible to have access to the NSLDS; ensuring that information in or received from the NSLDS is protected from access by or disclosure to unauthorized personnel. Lenders, loan holders, and servicers can only have access to NSLDS information for the limited purposes specified in the USED letter.
Condition	<p>The NSLDS contains personal and financial information related to an individual’s receipt of Federal student loans authorized under Title IV of the Higher Education Act of 1965, as amended, that is confidential and protected by the Privacy Act of 1974, as amended. The USED letter requires that access to NSLDS information only be granted to individuals whose specific job responsibilities include at least one of the specific activities noted in the letter.</p> <p>Our review of FDOE NSLDS access procedures disclosed that the procedures did not require the DPA to verify or document that, prior to granting user access to the NSLDS, the purpose of the user’s access was in accordance with the USED letter. Our inquiries of FDOE management disclosed that, during the 2017-18 fiscal year, the DPA’s process for granting user access privileges was limited to verifying that the user was employed by the State.</p> <p>Additionally, our review of NSLDS user account records for the 24 users with access to the NSLDS during the 2017-18 fiscal year disclosed that the FDOE did not timely deactivate the access privileges of 2 users. Specifically, the FDOE deactivated the users’ access privileges 15 and 143 business days after the users were reassigned to positions that were not eligible to have access to the NSLDS based on the positions’ job duties.</p>
Cause	FDOE management indicated that the DPA was not timely notified of the reassignment of the users to positions that were not eligible to have access to the NSLDS.
Effect	Absent procedures requiring appropriate user access authorization documentation be prepared and maintained, the FDOE cannot demonstrate that access to the NSLDS was appropriately limited to authorized users for authorized purposes. Additionally, timely deactivation of NSLDS user access privileges upon an employee’s reassignment to a position not eligible to have access to the

NSLDS reduces the risk that NSLDS access privileges may be misused by the reassigned employee or others.

Recommendation

We recommend that the FDOE enhance NSLDS access procedures to ensure that, prior to granting access, FDOE records evidence that user access to the NSLDS is in accordance with the USED letter. Additionally, we recommend that FDOE management take steps to ensure that all NSLDS user access privileges are timely deactivated when the access privileges are no longer authorized.

State Entity Response

As the auditors pointed out, the NSLDS procedures do not specifically address verification procedures beyond determining if an individual requiring access is a state employee. It has been our assessment that as an employee of the Office of Student Financial Assistance (OSFA), an individual already meets the standard spelled out in USED Letter, Access to and Use of NSLDS Information. In order to properly document this procedure, FDOE will add this language to our written access procedures.

With respect to the timely deactivation of the user accounts, OSFA has developed procedures to accomplish this task. However, for the specific incident where one employee's access was not disabled for 15 days, the PDA was on leave when the individual in question moved to a different program area. Once the PDA returned, the access was terminated. It should be noted that the NSLDS token was returned on the day the individual was reassigned. For the second individual, although activation was not terminated in a timely manner, the NSLDS token was returned on the day the individual left the position necessitating access. In both instances, since the tokens were returned in a timely manner, these individuals no longer had access to NSLDS. However, to avoid future delays in deactivation, OSFA will ensure the access is terminated within our approved procedures.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2018-021
CFDA Number	Various (Includes Recovery Act Funding) (See Finding)
Program Title	Various (See Finding)

Federal Grant/Contract Number and Grant Year	Various
Statistically Valid Sample	N/A
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2018-189, Finding No. 2017-031
Finding	<p>The State Data Center, established within the FAST, provides data center services for customer entities. In our information technology operational audit report No. 2018-187, dated March 2018, we disclosed in Findings 5 and 6 significant deficiencies related to selected information technology controls. Details of the findings and recommendations are included in that report. During the 2017-18 fiscal year, the FAST made no significant changes to correct the noted deficiencies.</p> <p>The State Data Center provides services for various systems managed by the Florida Department of Children and Families (FDCF), Florida Division of Emergency Management (FDEM), Florida Department of Economic Opportunity (FDEO), and the Florida Department of Revenue (FDOR). Systems at the FDCF include the Florida Online Recipient Integrated Data Access System, the GRANT System, the Collocated Cost Journal Transfer System, and the Refugee Services Database System Application. The system at the FDEM is the Florida Public Assistance System. Systems at the FDEO include the One Stop Management Information System and the CONNECT System. The system at the FDOR is the System for Unified Taxation.</p> <p>These systems are used to administer aspects of the following major Federal programs:</p> <p><u>Programs that included Recovery Act Funding:</u> 93.775, 93.777, and 93.778 – Medicaid Cluster</p> <p><u>Programs that did not include Recovery Act Funding:</u> 10.551 and 10.561 – Supplemental Nutrition Assistance Program Cluster 17.207, 17.801, and 17.804 – Employment Service Cluster 17.225 – Unemployment Insurance 17.258, 17.259, and 17.278 – Workforce Innovation and Opportunity Act Cluster 93.558 and 93.714 – Temporary Assistance for Needy Families Cluster 93.566 – Refugee and Entrant Assistance State/Replacement Designee Administered Programs 93.658 – Foster Care Title IV-E 93.659 – Adoption Assistance 93.667 – Social Services Block Grant 93.788 – Opioid STR 93.958 – Block Grants for Community Mental Health Services 93.959 – Block Grants for Prevention and Treatment of Substance Abuse 97.036 – Disaster Grants – Public Assistance (Presidentially Declared Disasters)</p>

FINDING NUMBER 2018-022 NOT USED.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2018-023
CFDA Number	93.044, 93.045, and 93.053
Program Title	Ageing Cluster
Compliance Requirement	Subrecipient Monitoring
State Entity	Florida Department of Elder Affairs (FDOEA)
Federal Grant/Contract Number and Grant Year	Various
Statistically Valid Sample	No
Finding Type	Noncompliance and Significant Deficiency
Finding	The FDOEA did not always timely obtain and review subrecipient audit reports or issue management decisions.
Criteria	<p>2 CFR 200.331 – <i>Requirements for pass-through entities</i> – All pass-through entities must verify that every subrecipient is audited as required by Subpart F – <i>Audit Requirements</i> when it is expected that the subrecipient’s Federal awards expended during the respective fiscal year equaled or exceeded the threshold set forth in 2 CFR 200.501 – <i>Audit Requirements</i>. The pass-through entity’s monitoring of the subrecipient must include following up and ensuring that the subrecipient takes timely and appropriate action on all deficiencies pertaining to the Federal award detected through audits.</p> <p>2 CFR 200.521 – <i>Management Decision</i> – The pass-through entity is responsible for issuing a management decision for audit findings that relate to the Federal award within 6 months of acceptance of the audit report by the Federal Audit Clearinghouse.</p>
Condition	<p>During the 2016-17 fiscal year, the FDOEA provided \$59,635,081 in Aging Cluster funds to 11 subrecipients that were required to submit an audit report to the FDOEA. The FDOEA utilized an audit tracking log to document the dates audit reports were received, the dates audits were reviewed, the issues noted in the audit reports, and the dates the issues were resolved.</p> <p>Our examination of the FDOEA audit tracking log for audits due during the 2017-18 fiscal year disclosed that the FDOEA did not timely review the audit reports for 8 subrecipients, which in one instance inhibited the timely issuance of a management decision and determination that the subrecipient had taken timely and appropriate action on all applicable deficiencies detected through the audit. Specifically, the FDOEA reviewed the audit reports 1 to 293 days (an average of 153 days) after a management decision would have been due for any audit findings included in the reports. As a result, the FDOEA did not issue a management decision within 6 months of the acceptance of 1 subrecipient’s audit report by the Federal Audit Clearinghouse that included a qualified opinion on the Aging Cluster, a material weakness, and questioned costs.</p>
Cause	According to FDOEA management, subrecipient audit reports were not always properly tracked in the audit tracking log due to staff turnover. Additionally, some audit reports were not routed to the appropriate division for review after the reports were received by the FDOEA.
Effect	Absent the timely receipt and review of all required subrecipient audit reports, the FDOEA may not ensure that any deficiencies noted during an audit are appropriately followed up on or timely issue required management decisions.

Recommendation

We recommend that the FDOEA enhance controls for timely obtaining and reviewing all subrecipient audit reports to ensure that subrecipients take timely and appropriate action to address all applicable deficiencies and to facilitate the timely issuance of management decisions.

State Entity Response

DOEA concurs with this finding.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2018-024
CFDA Number	Various (Includes Recovery Act Funding) (See Finding)
Program Title	Various (See Finding)
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, and Eligibility
State Entity	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	5FL400402 2017 and 2018, 1701FLTANF 2017, 1801FLTANF 2018, 1601FLRSOC 2016, 1701FLRSOC 2017, 1801FLRSOC 2018, 1601FLRCMA 2016, 1701FLRCMA 2017, 1801FLRCMA 2018, 1705FL5MAP 2017, 1805FL5MAP 2018
Statistically Valid Sample	N/A
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2018-189, Finding No. 2017-034
Finding	<p>The Florida Online Recipient Integrated Data Access (FLORIDA) System is a Statewide system operated and maintained by the FDCF to assist in public assistance program eligibility determinations and benefit issuance. In our information technology operational audit report No. 2019-022, dated September 2018, we disclosed in Findings 2 through 7 deficiencies related to FLORIDA System security controls that we consider collectively to be a significant deficiency. Details of the findings and recommendations are included in that report.</p> <p>The FLORIDA System is used to administer the following major Federal programs:</p> <ul style="list-style-type: none">10.551 and 10.561 – Supplemental Nutrition Assistance Program Cluster93.558 and 93.714 – Temporary Assistance for Needy Families Cluster93.566 – Refugee and Entrant Assistance State/Replacement Designee Administered Programs93.775, 93.777, and 93.778 – Medicaid Cluster (Program Included Recovery Act Funding)

**U. S. DEPARTMENT OF AGRICULTURE
U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES**

Finding Number 2018-025
CFDA Number Various (See Finding)
Program Title Various (See Finding)
Compliance Requirement Period of Performance
State Entity Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year Various (See Finding)
Statistically Valid Sample No
Finding Type Opinion Qualification and Material Weakness
 Questioned Costs – \$633,684.63

Finding FDCF expenditures charged to various Federal program grants were not always incurred during the authorized period of performance.

Criteria 2 CFR 200.309 – *Period of performance* – A non-Federal entity may charge to the Federal award only allowable costs incurred during the period of performance.

Condition During the 2017-18 fiscal year, the FDCF expended approximately \$732 million in Federal funds for the programs noted in the table below. Our analysis and examination of records related to selected expenditures paid by the FDCF during the 2017-18 fiscal year disclosed 36 expenditures, totaling \$1,427,554.67, that were not incurred during the authorized period of performance.

CFDA	Program	Federal Grant Number	Federal Expenditures	Questioned Costs
10.561	State Administrative Matching Grants for the Supplemental Nutrition Assistance Program	5FL400402	\$100,719,718.00	\$109,471.14
93.558	Temporary Assistance for Needy Families	1801FLTANF	237,005,780.00	91,787.47
93.566	Refugee and Entrant Assistance State/Replacement Designee Administered Programs	1801FLRCMA	36,362,533.00	724.99
93.667	Social Services Block Grant	G-1801FLSOSR	93,502,190.00	43,611.34
93.778	Medical Assistance Program	1805FL5ADM	114,009,733.00	43,038.22
93.958	Block Grants for Community Mental Health Services	2B09SM010010-18	39,249,694.00	158,269.58
93.959	Block Grants for Prevention and Treatment of Substance Abuse	3B08TI010010-18	111,447,644.00	186,781.89
Totals			<u>\$732,297,292.00</u>	<u>\$633,684.63</u>

Cause FDCF management indicated that the expenditures were charged to the incorrect grant due to the inability to monitor which grants costs were charged to.

Effect Expenditures charged to a Federal award that were not incurred during the authorized period of performance could be subject to disallowance by the Federal grantor agency.

Recommendation

We recommend that the FDCF establish a monitoring process to ensure that costs are attributable to the authorized period of performance and are charged to the correct grant. We also recommend that the FDCF review expenditure data and records to determine the total costs that were charged to the grants in error.

State Entity Response

We concur with the recommendation.

Expenditure data will be reviewed and moved to the correct grant period where applicable.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2018-026
CFDA Number	93.558
Program Title	Temporary Assistance for Needy Families (TANF) Cluster
Compliance Requirement	Special Tests and Provisions – Income Eligibility and Verification System
State Entity	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	1701FLTANF 2017 and 1801FLTANF 2018
Statistically Valid Sample	No
Finding Type	Opinion Qualification and Material Weakness
Prior Year Finding	Report No. 2018-189, Finding No. 2017-035
Finding	The FDCF did not always timely review and process Income Eligibility and Verification System (IEVS) data exchange responses.
Criteria	42 USC 1320b-7 – <i>Income and eligibility verification system</i> 45 CFR 205.55 – <i>Requirements for requesting and furnishing eligibility and income information</i> Program Policy Manual Section 3020.0100 – <i>Data Exchange</i> and Section 3020.0102 – <i>Processing Time Standards</i>
Condition	During the 2017-18 fiscal year, the FDCF made TANF cash benefit payments totaling \$138,611,066. Federal regulations require the FDCF to verify certain eligibility information through electronic data exchanges with other State and Federal agencies. The FDCF established a 10-day time frame for reviewing and processing data exchange responses considered verified upon receipt and a 45-day time frame for reviewing and processing all other data exchange responses. As part of our audit, we examined FDCF eligibility records for 40 clients (cases), including 24 cases for which the FDCF was required to review and process IEVS data exchange responses. Our examination disclosed 7 instances related to 4 cases where the FDCF did not review and process the IEVS data exchange responses within the established time frames. Of the 7 instances, we noted 2 instances where the data exchanges were required to be reviewed and processed within 45 days but were reviewed and processed 52 and 82 days late. In the other 5 instances, the data exchanges were required to be reviewed and processed within 10 days but were reviewed and processed 8 to 134 days late. Additionally, in our information technology operational audit report No. 2019-022, dated September 2018, we disclosed in Finding 1 that the FDCF had not timely reviewed and processed numerous data exchange responses.
Cause	According to FDCF management, the completion of IEVS data exchanges is a manual process requiring employee action. Due to the volume of data exchange responses received, as compared to the staffing resources available to process the data exchanges, some actions were not timely performed.
Effect	Failure to timely review and process data exchange information may preclude the FDCF from promptly identifying changes in client eligibility status.
Recommendation	We recommend that the FDCF improve controls, including evaluating staffing resources, to ensure that data exchange responses are reviewed and processed within established time frames.
State Entity Response	Regarding the four cases with seven instances where the IEVS Data Exchanges (DEs) were not processed timely, the Department concurs. Six of the seven IEVS DEs were received while Department staff were actively involved with Hurricane Irma Disaster Supplemental Nutrition Assistance Program (DSNAP) response and recovery activities. This significantly impacted the Department's ability to

process these DEs timely. The policy for DEs includes requirements for prioritizing the alerts to process within the established time standards. Policy Transmittal I-09-05-0014, Work Priorities for the Case Maintenance Unit (CMU), provides guidance to staff in processing this workload. The Department will implement statewide CMU process improvements to ensure DEs are processed timely and accurately.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2018-027
CFDA Number	93.558
Program Title	Temporary Assistance for Needy Families (TANF) Cluster
Compliance Requirement	Special Tests and Provisions – Child Support Non-Cooperation
State Entity	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	1801FLTANF 2018
Statistically Valid Sample	No
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$1,478 (Federal Share - \$236.48)
Prior Year Finding	Report No. 2018-189, Finding No. 2017-036
Finding	The FDCF could not always demonstrate that Florida Department of Revenue (FDOR) Child Support Enforcement (CSE) sanction requests for uncooperative TANF recipients were reviewed or appropriately imposed.
Criteria	42 USC 608(a)(2) - <i>Reduction or elimination of assistance for noncooperation in establishing paternity or obtaining child support</i> 45 CFR 264.30 - <i>What procedures exist to ensure cooperation with the child support enforcement requirements?</i> Section 414.095(6), Florida Statutes, <i>Child Support Enforcement</i> – As a condition of eligibility for public assistance, the family must cooperate with the State agency responsible for administering the child support enforcement program.
Condition	Under State and Federal law, the State CSE Program must take action to locate noncustodial parents, establish paternity, and secure child support, medical support, and other benefits for children receiving public assistance. Unless it is determined that good cause for noncooperation exists, applicants for and recipients of TANF must cooperate with the State CSE Program as a condition of eligibility. Noncooperation without cause is to result in sanctions involving the loss of TANF eligibility. During the 2017-18 fiscal year, the FDCF made TANF cash assistance payments totaling \$138,611,066. Also, during the 2017-18 fiscal year, the FDOR referred 12,550 sanction requests to the FDCF to impose sanctions for uncooperative TANF recipients. Our examination of FDOR sanction requests and FDCF records for 40 TANF recipients disclosed: <ul style="list-style-type: none">• Although FDOR records indicated that sanction requests had been sent to the FDCF for 2 cases, FDCF records indicated that the requests had not been received. As a result, the FDCF did not review the requests or impose sanctions for the 1 applicable case, resulting in potential overpayments totaling \$1,080.• 2 cases where a sanction request was not appropriately imposed, resulting in potential overpayments totaling \$398.
Cause	FDCF management could not determine why the sanction requests sent by the FDOR for 2 of the cases were not received. For the other 2 cases, FDCF management indicated that the sanctions were not imposed due to employee error.
Effect	Failure to receive and timely review sanction requests may preclude the FDCF from properly imposing or lifting a sanction on participant benefit payments. Additionally, TANF participants continued to receive cash assistance although they were not eligible.

Recommendation

We recommend that the FDCF continue efforts to determine why the sanction requests were not received and take appropriate steps to ensure that all sanction requests are processed and benefits promptly discontinued, if necessary.

State Entity Response

The Department concurs. In an effort to determine what occurred with the two sanction requests the Department did not receive, both the incoming files and the outgoing error files were reviewed and the two-sanction requests could not be found. Department staff also conferred with the Department of Revenue (DOR), which transmits the file, and they were able to provide documentation of the intent to include the referenced files in the transmission; however, no confirmation of inclusion and transmission were available.

The Department is exploring the possibility of creating a file that reports the number of sanction requests and lifts that come over in the nightly file verses the number that posted to the eligibility system (FLORIDA) and will also include the number returned in error (unable to post). As the Department is unable to determine what happened to these two sanctions, this change will help in troubleshooting should this issue arise in the future.

The two sanction requests that were not appropriately imposed occurred while Department staff were actively involved with Hurricane Irma Disaster Supplemental Nutrition Assistance Program (DSNAP) response and recovery activities. This significantly impacted the Department's ability to process these sanctions appropriately.

As part of its quality assurance efforts, the Department monitors work sanctions at the state and local levels through a targeted review to ensure they are processed timely and accurately and requires corrective action, where necessary.

A training on imposing child support sanctions with emphasis on ensuring that the TANF benefit is properly and timely terminated will be requested for the local site.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2018-028
CFDA Number	93.775, 93.777, and 93.778 (Includes Recovery Act Funding)
Program Title	Medicaid Cluster
Compliance Requirement	Activities Allowed or Unallowed and Allowable Costs/Cost Principles
State Entity	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	1705FL5MAP 2017 and 1805FL5MAP 2018
Statistically Valid Sample	N/A
Finding Type	Noncompliance Questioned Costs – Unknown
Finding	The FAHCA terminated the contract with a private vendor designated as a Quality Improvement Organization (QIO) for numerous contract compliance issues, including the failure to deny a single prior authorization request for behavior analysis services. Consequently, the FAHCA paid an unknown number and amount of unallowable behavior analysis services claims to providers of Medicaid services.
Criteria	42 CFR 430, <i>Grants to States for Medical Assistance Programs</i> 42 CFR 433 Subpart C, <i>Mechanized Claims Processing and Information Retrieval System</i> 42 CFR 447 Subpart B, <i>Payment Methods: General Provisions</i> Florida Medicaid Behavior Analysis Services Coverage Policy (Policy) and Medicaid Fee Schedules
Condition	<p>The FAHCA contracted with a fiscal agent to operate the Florida Medicaid Management Information System (FMMIS) which is used to process Medicaid claims submitted by providers. FMMIS contains numerous edits and audits to ensure that data is both complete and valid. For claims subject to prior authorization, FMMIS includes an edit to ensure that the required authorization was obtained by validating the existence of a Prior Authorization number. Prior authorization is the process of obtaining approval for reimbursement of a service based on medical necessity.</p> <p>The FAHCA contracted with a private vendor designated as a QIO to develop, implement, and provide prior authorization review and quality assurance services for a Behavior Analysis Utilization Management program. Under the provisions of Section 409.906, Florida Statutes, the FAHCA covers behavior analysis services in accordance with the Policy and Medical Fee Schedules and all behavior analysis services are subject to prior authorization based on medical necessity.</p> <p>Our inquiries of FAHCA management disclosed that, because of a number of QIO contract compliance issues, including the failure to deny a single prior authorization request for behavioral analysis services after the QIO began providing prior authorization services in May 2017, the FAHCA terminated the QIO's contract in March 2018. Total claims payments made by the FAHCA to providers for behavioral analysis services during the 2017-18 fiscal year, based on the QIO's prior authorizations, totaled \$315,935,757.45.</p>
Cause	FAHCA management indicated that claims were paid although the QIO may not have appropriately applied medical necessity criteria to all prior authorization requests.

Effect	The FAHCA paid an unknown number and amount of unallowable behavior analysis services claims.
Recommendation	We recommend that the FAHCA ensure that behavior analysis services claims are appropriately authorized and paid in accordance with the Policy and Medicaid Fee Schedules. We also recommend that the FAHCA determine the amount of unallowable behavior analysis services claims paid, if any.
State Entity Response	<p>The FAHCA has engaged in a number of activities to ensure that behavior analysis services are appropriately authorized and paid in accordance with the coverage policy and fee schedule. In addition to contracting with a new utilization management vendor, the FAHCA also implemented several system edits to enforce policy limits and has engaged in extensive monitoring of providers.</p> <p>In regard to the amount of any unallowable claims, this is an ongoing effort through the Bureau of Medicaid Program Integrity which is pursuing overpayments from providers. The FAHCA has returned the federal matching portion for any amounts that have been recovered through our monitoring efforts to date. As such, we believe that any unallowable funds paid during this time period have already, or are in the process of, being returned to the federal government, and the Agency will continue to do as more overpayments are collected.</p>

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number 2018-029
CFDA Number 93.775, 93.777, and 93.778 (Includes Recovery Act Funding)
Program Title Medicaid Cluster
Compliance Requirement Allowable Costs/Cost Principles
State Entity Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year 1705FL5MAP 2017 and 1805FL5MAP 2018
Statistically Valid Sample N/A
Finding Type Significant Deficiency
Prior Year Finding Report No. 2018-189, Finding No. 2017-039

Finding The FAHCA did not adequately ensure that the service organization's internal controls related to the invoicing, collecting, and reporting of drug rebates were appropriately designed and operating effectively.

Criteria 42 USC 1396r-8 - *Payment for covered outpatient drugs*

Condition The FAHCA contracted with a service organization to invoice and collect rebates from, and resolve related disputes with, pharmaceutical manufacturers, and to provide required utilization data to the Centers for Medicare and Medicaid Services (CMS).

The service organization utilized an automated system to perform their contractual responsibilities. The contract, effective February 1, 2014, specifies that the FAHCA may conduct, or have conducted, performance reviews, compliance reviews, or both, on the service organization's procedures, computer system, and accounting records.

Each quarter, the FAHCA provided the service organization, from the Florida Medicaid Management Information System, pharmacy and medical claims data for drug costs paid during the quarter. The claims data included both Medicaid fee-for-service and Medicaid managed care claims. The service organization merged the claims data with rebate rates provided by the CMS and the State's Supplemental/Preferred Drug List vendor to calculate the amount of drug rebates to be invoiced to pharmaceutical manufacturers. Rebate collections for the 2017-18 fiscal year totaled approximately \$1.8 billion and approximately 2.8 million prescriptions were associated with the invoiced rebates per month.

While the FAHCA tracked and reviewed contractually required reports and scorecards prepared by the service organization that indicated compliance with contractual requirements, the FAHCA did not adequately evaluate the design and operating effectiveness of the service organization's internal controls, either internally or by obtaining and reviewing an independent service auditor's report that adequately described the service organization's internal controls and the auditor's opinion on the effectiveness of the internal controls related to the invoicing, collecting, and reporting of drug rebates.

Cause According to FAHCA management, the FAHCA has engaged a new service organization to invoice, collect, and report drug rebates and is in the process of amending the contract to require the organization to obtain an independent service auditor's report, prepared in accordance with applicable attestation standards established by the American Institute of Certified Public Accountants.

Effect Absent an independent review of the service organization's internal controls for the invoicing, collecting, and reporting of drug rebates, the FAHCA has reduced assurance that drug rebate invoices are accurate.

Recommendation

We recommend that the FAHCA ensure the service organization internal controls related to the invoicing, collecting, and reporting of drug rebates are appropriately designed and operating effectively.

State Entity Response

The contract between FAHCA and the service organization has been amended. The amendment requires the service organization to obtain an SSAE-18 Audit Report in SFY 2018-19. The SSAE-18 Audit Report will ensure that the service organization's internal controls related to the invoicing, collecting, and reporting of drug rebates are appropriately designed and operating effectively.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2018-030
CFDA Number	93.775, 93.777, and 93.778 (Includes Recovery Act Funding)
Program Title	Medicaid Cluster
Compliance Requirement	Special Tests and Provisions – Provider Eligibility
State Entity	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	1705FL5MAP 2017 and 1805FL5MAP 201
Statistically Valid Sample	No
Finding Type	Noncompliance Questioned Costs – \$829,179.21 (CFDA No. 93.778 - Federal Share \$512,137.96; Federal Grant Nos. 1705FL5MAP \$18,761.60 and 1805FL5MAP \$493,376.36)
Prior Year Finding	Report No. 2018-189, Finding No. 2017-041
Finding	The FAHCA made payments to ineligible Medicaid Program providers.
Criteria	42 CFR 431.107, <i>Required Provider Agreement</i> Section 409.907, Florida Statutes, <i>Medicaid provider agreements</i> – The FAHCA may make payments for medical assistance and related services rendered to Medicaid recipients only to individuals or entities with a provider agreement in effect. <i>Florida Medicaid Provider General Handbook</i> – Each Medicaid provider, in-state and out-of-state, must sign a Medicaid Provider Agreement that affirms that the provider will comply with all laws and rules governing the delivery and reimbursement of services or goods to Medicaid recipients.
Condition	We examined FAHCA records for 40 providers (35 in-state and 5 out-of-state) enrolled in the Medicaid Program who received payments during the 2017-18 fiscal year to determine whether the providers met Program eligibility requirements. Our examination disclosed that FAHCA records did not include a Medicaid Provider Agreement for 1 in-state provider and 1 out-of-state provider of emergency services and care. Our review of the payments made to the 2 providers during the 2017-18 fiscal year disclosed that the FAHCA paid the providers \$512,137.96 in Federal funds.
Cause	FAHCA management indicated that the FAHCA does not enroll out-of-state providers of emergency services and care and that the FAHCA has not required these out-of-state providers to automatically renew their Medicaid Provider Agreement. FAHCA management also indicated that a Medicaid Provider Agreement for the in-state provider was not available due to a Florida Medicaid Management Information System error.
Effect	Absent current Medicaid Provider Agreements, the FAHCA cannot demonstrate that Medicaid Program payments are made only to eligible providers in accordance with Federal regulations and State law.
Recommendation	We recommend that the FAHCA ensure that Medicaid payments are made only to providers with a Medicaid Provider Agreement in effect.
State Entity Response	The FAHCA created two Florida Medicaid Management Information System (FMMIS) change requests to ensure that all Medicaid providers (including out-of-state providers performing emergency services) have an active and signed Medicaid Provider Enrollment Agreement on file before a Medicaid payment is issued. Change request number CSR3265 "Out-of-State Provider Renewal" will modify FMMIS to prompt currently enrolled out-of-state providers to renew their provider enrollment agreement and modify the Florida Medicaid Provider web portal to allow out-of-state providers to renew their provider enrollment agreement

online. In addition, change request number CSR3259 "Bypassed Providers for Renewal" will ensure that no Medicaid provider is bypassed for provider enrollment renewal regardless of prior renewal requirement status.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2018-031
CFDA Number	93.775, 93.777, and 93.778 (Includes Recovery Act Funding)
Program Title	Medicaid Cluster
Compliance Requirement	Special Tests and Provisions – Utilization Control and Program Integrity
State Entity	Florida Agency for Persons with Disabilities (FAPD)
Federal Grant/Contract Number and Grant Year	1705FL5MAP 2017 and 1805FL5MAP 2018
Statistically Valid Sample	No
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2018-189, Finding No. 2017-043
Finding	The FAPD did not always ensure that continued stay reviews were conducted every 6 months for beneficiaries of Intermediate Care Facility Services for Individuals with Intellectual Disabilities (ICF-IIDs).
Criteria	42 CFR Part 456.431 – <i>Continued stay review required</i>
Condition	<p>During the 2017-18 fiscal year, Medicaid payments for ICF services totaled \$304,786,939 and related to 2,687 ICF-IID beneficiaries. Federal regulations specify that a continued stay review must be completed every 6 months to determine whether the beneficiary's continued stay in the ICF-IID facility is needed. The FAPD is responsible for conducting continued stay reviews for all residents of public and private ICF-IID facilities and ensuring that resident utilization review plans provide for a review of each beneficiary's continued stay in the ICF at least every 6 months.</p> <p>We examined FAPD continued stay review records related to 40 ICF beneficiaries to determine whether the reviews were timely completed. We noted that for 3 beneficiaries the continued stay review was not completed every 6 months. The reviews were completed 1, 33, and 91 days after the required review dates.</p>
Cause	FAPD management indicated that the continued stay reviews had not been timely performed due to technical scheduling issues and employee error.
Effect	Timely continued stay reviews are necessary to demonstrate that ICF-IID beneficiaries have a continuing need for ICF services.
Recommendation	We recommend that FAPD management take steps to ensure that continued stay reviews of ICF-IID beneficiaries are timely conducted in accordance with Federal regulations.
State Entity Response	Concur.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2018-032
CFDA Number	93.775, 93.777, and 93.778 (Includes Recovery Act Funding)
Program Title	Medicaid Cluster
Compliance Requirement	Special Tests and Provisions – Utilization Control and Program Integrity
State Entity	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	1705FL5MAP 2017 and 1805FL5MAP 2018
Statistically Valid Sample	N/A
Finding Type	Noncompliance and Significant Deficiency
Finding	The FAHCA computer system used to store all Medicaid Program Integrity (MPI) complaints and cases, the Fraud and Abuse Case Tracking System (FACTS), did not appear to store all complaints received and cases established during the 2017-18 fiscal year.
Criteria	42 CFR 455.13 – <i>Methods for identification, investigation, and referral</i>
Condition	<p>All MPI complaints and cases are stored in FACTS. When an MPI complaint is received, it is logged into FACTS and a preliminary investigation is performed. FACTS assigns sequential numbers to complaints in the order in which the complaints are entered. For complaints that are elevated to cases for further investigation, FACTS assigns sequential numbers in the order that the cases are entered.</p> <p>According to FACTS, 2,482 complaints were received and 3,155 cases were opened during the 2017-18 fiscal year. However, our analysis of FACTS-assigned complaint and case numbers identified 3 missing FACTS-assigned complaint numbers and 43 missing FACTS-assigned case numbers.</p>
Cause	FAHCA management indicated that, when saving complaints and cases in FACTS, the system skipped over complaint and case numbers due to user, network, or system errors.
Effect	Absent a record of all complaints received and cases established, and documented explanations for missing complaint and case numbers, the FAHCA cannot demonstrate that all complaints and cases were properly investigated.
Recommendation	We recommend that the FAHCA ensure that all complaints received and cases established are appropriately documented in FACTS through sequential complaint and case numbers and that the reasons for missing complaint and case numbers, if any, are appropriately documented.
State Entity Response	Concur.

THIS PAGE INTENTIONALLY LEFT BLANK

U.S. DEPARTMENT OF HOMELAND SECURITY

Finding Number	2018-033
CFDA Number	97.036
Program Title	Disaster Grants – Public Assistance (Presidentially Declared Disasters)
Compliance Requirement	Activities Allowed or Unallowed and Allowable Costs/Cost Principles
State Entity	Florida Division of Emergency Management (FDEM)
Federal Grant/Contract Number and Grant Year	FEMA-4280-DR-FL 2016 and FEMA-4283-DR-FL 2016
Statistically Valid Sample	No
Finding Type	Opinion Qualification and Material Weakness Questioned Costs – \$999,230.88 (FEMA-4280-DR-FL \$782,133.05, Federal Share \$586,599.79; FEMA-4283-DR-FL \$217,097.83, Federal Share \$174,759.70)
Finding	The FDEM did not always maintain documentation to support costs charged to the Disaster Grants program.
Criteria	2 CFR 200.403(g) – <i>Factors affecting allowability of costs</i> – Except where otherwise authorized by statute, costs must be adequately documented to be allowable under Federal awards.
Condition	During the 2017-18 fiscal year, the FDEM provided \$221,980,341 in Disaster Grants funds to 357 subrecipients and 9 State agencies. To receive reimbursement for expenditures related to Disaster Grants program projects, the FDEM required these entities to submit a Request for Reimbursement (RFR) through the FloridaPA.org Web Portal and provide supporting documentation for each expense item entered in the RFR for which reimbursement was being requested. Our examination of FDEM records for 60 expenditure transactions, totaling \$112,314,812.70, disclosed that, for 6 transactions totaling \$2,599,538.70, FDEM records did not include documentation to support that the transactions were allowable. Subsequent to audit inquiry, the FDEM obtained supporting documentation from the subrecipients for some expenditures, resulting in four expenditure transactions with questioned costs totaling \$999,230.88.
Cause	FDEM management indicated that the expenditures were not documented due to processing errors.
Effect	Absent appropriate documentation, the FDEM cannot demonstrate the allowability of Disaster Grants program expenditures and such amounts could be subject to disallowance by the Federal grantor agency.
Recommendation	We recommend that FDEM management strengthen reimbursement processing controls to ensure that FDEM records evidence that all costs charged to the Disaster Grants program are allowable.
State Entity Response	<p>The Florida Division of Emergency Management (FDEM) concurs with this recommendation and is strengthening reimbursement controls by ensuring that staff will record evidence that all costs have been validated and deemed eligible prior to payment in the Division's grant Database, FloridaPA.org.</p> <p>The Division is addressing this finding by developing training materials to ensure that staff adhere to the Division's procedures regarding documentation submittal and tracking in FloridaPA.org. These training materials will be captured in job aides, checklists, and webinars.</p> <p>The Division continues to investigate the remaining balance to determine whether costs are supported.</p>

U.S. DEPARTMENT OF HOMELAND SECURITY

Finding Number	2018-034
CFDA Number	97.036
Program Title	Disaster Grants – Public Assistance (Presidentially Declared Disasters)
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, Matching, Level of Effort, Earmarking, Period of Performance, and Subrecipient Monitoring
State Entity	Florida Division of Emergency Management (FDEM)
Federal Grant/Contract Number and Grant Year	Various
Statistically Valid Sample	N/A
Finding Type	Significant Deficiency

Finding The Florida Public Assistance System (FloridaPA.org) is a Web-based portal used to manage the Disaster Grants – Florida Public Assistance programs relating to disaster relief and recovery. In our information technology operational audit report No. 2019-049, dated November 2018, we disclosed significant deficiencies related to selected FloridaPA.org information technology controls. Specifically, in Findings 2 through 5 we disclosed significant security control deficiencies related to access privileges. In Finding 9, we disclosed significant security control deficiencies related to the transmission of data and logging and monitoring of FloridaPA.org activities. Details of the findings and recommendations are included in that report.

U.S. DEPARTMENT OF HOMELAND SECURITY

Finding Number 2018-035
CFDA Number 97.036
Program Title Disaster Grants – Public Assistance (Presidentially Declared Disasters)
Compliance Requirement Subrecipient Monitoring
State Entity Florida Division of Emergency Management (FDEM)
Federal Grant/Contract Number and Grant Year Various
Statistically Valid Sample N/A
Finding Type Opinion Qualification and Material Weakness

Finding The FDEM did not verify that all applicable subrecipients were audited.

Criteria 2 CFR 200.331 – *Requirements for pass-through entities* – All pass-through entities must verify that every subrecipient is audited as required by Subpart F – *Audit Requirements* when it is expected that the subrecipient's Federal awards expended during the respective fiscal year equaled or exceeded the threshold set forth in 2 CFR 200.501 – *Audit requirements*. The pass-through entity's monitoring of the subrecipient must include following up and ensuring that the subrecipient takes timely and appropriate action on all deficiencies pertaining to the Federal award detected through audits. The pass-through entity is responsible for issuing a management decision for audit findings pertaining to the Federal award in accordance with 2 CFR 200.521 – *Management decision*.

Condition During the 2017-18 fiscal year, the FDEM provided \$221,980,341 in Disaster Grants funds to 366 subrecipients. Our inquiries of FDEM management disclosed that the FDEM did not perform procedures to verify that all applicable subrecipients were audited as required by 2 CFR 200.501. As a result, the FDEM could not demonstrate that all required audits were obtained and reviewed to ensure that subrecipients took timely and appropriate action on all applicable deficiencies noted in the audits or whether the FDEM issued management decisions for applicable audit findings. In addition, our review of FDEM policies and procedures disclosed that the policies and procedures did not require the FDEM to determine which subrecipients were required to be audited or otherwise ensure that all applicable FDEM subrecipients were audited.

Cause FDEM policies and procedures did not require staff to verify that all applicable subrecipients were audited.

Effect Absent verification that all applicable subrecipients were audited, the FDEM may not obtain the required audit reports to verify that all subrecipients complied with applicable Federal laws, regulations, and provisions of contracts and grant agreements. In addition, the FDEM may not ensure that any deficiencies noted during audit were appropriately followed up on or issue required management decisions.

Recommendation We recommend that the FDEM enhance policies and procedures to require FDEM staff verify that audit reports from all applicable subrecipients are obtained and reviewed to ensure that the subrecipients took timely and appropriate action to address all applicable deficiencies and to facilitate the issuance of management decisions.

State Entity Response FDEM concurs with this finding and will enhance existing policies and procedures, as well as develop new policies and procedures as appropriate, to address the required receipt of audit reports from all applicable subrecipients. FDEM is researching notification options and processes. In addition to the specific requirement provided in the subgrant agreement concerning the submission, FDEM will work to ensure notification of the required submission of the audit reports specifically occurs. Process changes are being developed in coordination with the Finance Section, to verify that DEM is in fact requiring the submission of

all required reports. FDEM will strengthen and enhance the review of the reports and the required timely follow-up to any actionable items contained in such reports. The Recovery Bureau will work with the DEM Inspector General to ensure this coordination occurs and is robust.

U.S. DEPARTMENT OF HOMELAND SECURITY

Finding Number 2018-036
CFDA Number 97.036
Program Title Disaster Grants – Public Assistance (Presidentially Declared Disasters)
Compliance Requirement Subrecipient Monitoring
State Entity Florida Division of Emergency Management (FDEM)
Federal Grant/Contract Number and Grant Year Various
Statistically Valid Sample N/A
Finding Type Opinion Qualification and Material Weakness

Finding The FDEM did not evaluate subrecipient risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward or develop an appropriate monitoring plan based on an assessed risk of noncompliance. Additionally, the FDEM did not obtain required reports from some of its subrecipients.

Criteria 2 CFR 200.331 – *Requirements for pass-through entities* – All pass-through entities must evaluate each subrecipient's risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate subrecipient monitoring. All pass-through entities must monitor the activities of the subrecipient as necessary to ensure that the subaward is used for authorized purposes, in compliance with Federal statutes, regulations, and the terms and conditions of the subaward, and that subaward performance goals are achieved. Pass-through entity monitoring of the subrecipient must include reviewing financial and performance reports required by the pass-through entity.

Condition During 2017-18 fiscal year, the FDEM was responsible for 1,068 active large projects related to 19 declared disasters with obligations totaling \$896,642,516. FDEM subrecipient monitoring guidelines and subrecipient agreements required that, for all large projects that were not closed by the U.S. Department of Homeland Security, Federal Emergency Management Agency, subrecipients submit quarterly reports through the FloridaPA.org Web Portal within 15 days of the end of the quarter.

Our audit disclosed that the FDEM had not developed a process to evaluate subrecipient risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward. As a result, the FDEM did not assess subrecipient risk of noncompliance and, although the FDEM conducted subrecipient monitoring, the FDEM could not demonstrate that the monitoring was conducted in accordance with a monitoring plan based on an assessed risk of subrecipient noncompliance.

We also noted that the FDEM did not obtain quarterly reports from subrecipients with large projects obligated for the Hurricane Matthew disaster, declared on October 8, 2016, until the quarter ended March 31, 2018. Our examination of FDEM records for Hurricane Matthew large project obligations disclosed that 89 projects, totaling \$72,400,486, had been obligated to 67 subrecipients as of September 30, 2017, and 186 projects, totaling \$191,705,595, had been obligated to 103 subrecipients as of December 31, 2017.

Cause FDEM policies and procedures did not require an evaluation of the risk of subrecipient noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward or require the development of a monitoring plan based on an assessed risk of subrecipient noncompliance. Additionally, FDEM management indicated that Hurricane Matthew quarterly reports were not obtained due to an incorrect setting within the FloridaPA.org Web Portal which prevented subrecipients from submitting the required quarterly reports.

Effect

Absent evaluating the risk of subrecipient noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward, and developing an appropriate monitoring plan based on a risk assessment, the FDEM cannot demonstrate that the monitoring performed appropriately addressed the highest risk subrecipients or adequately evaluated subrecipient compliance with financial and programmatic grant agreement requirements. Additionally, the FDEM cannot demonstrate compliance with applicable Federal regulations.

Recommendation

We recommend that FDEM management establish policies and procedures for conducting subrecipient risk assessments and developing monitoring plans based on the risk of noncompliance assessed. We also recommend that FDEM management enhance controls to ensure that quarterly reports are obtained from subrecipients in accordance with established guidelines.

State Entity Response

FDEM concurs with this finding and will establish policies and procedures for conducting subrecipient risk assessment and the resulting monitoring plans. FDEM plans to incorporate risk assessment and subrecipient monitoring into its delivery of the Public Assistance program through the creation of a subrecipient monitoring team to be housed within the Recovery Bureau. FDEM is also researching and will develop controls to ensure the proper receipt of Quarterly Reports.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2018-037
CFDA Number	93.350 and 93.847
Program Title	Research and Development Cluster (R&D) National Center for Advancing Translational Sciences (93.350) Diabetes, Digestive, and Kidney Diseases Extramural Research (93.847)
Compliance Requirement	Cash Management
State Entity	University of South Florida (USF)
Federal Grant/Contract Number and Grant Year	CFDA No. 93.350 5U01TR001263-13/6163-1032, September 1, 2009 – June 30, 2019 CFDA No. 93.847 1UC4DK106993-01/6163-1008, September 30, 2015 – June 30, 2020 1UC4DK106955-01/6163-1007, August 15, 2015 – April 14, 2020 1UC4DK100238-01/6163-1017, January 1, 2014 – December 31, 2018
Statistically Valid Sample Finding Type	No Noncompliance and Significant Deficiency
Finding	The USF did not always ensure that invoices for which reimbursement was requested were paid prior to the date of the reimbursement request.
Criteria	2 CFR 200.305(b)(3) – <i>Payment</i> USF Letter of Credit Draw Process
Condition	<p>During the 2017-18 fiscal year, the USF made 163 reimbursement requests (drawdowns), totaling \$48,003,948, for 4 R&D grant projects. The USF used the PeopleSoft Financial Accounting System (FAST) to complete the drawdown process. According to USF procedures, to initiate a drawdown, USF staff prepared a Letter of Credit (LOC) Report through FAST and Federal funds were requested to be reimbursed by the Federal agency in the amount indicated in the LOC Report. Upon approval of the drawdown request, the LOC Report was finalized, and the drawdown was processed. The FAST processed the drawdown request, verifying that the cumulative amount reimbursed did not exceed the award amount.</p> <p>Our review of USF expenditure documentation associated with 44 drawdowns totaling \$16,491,473 disclosed that, for 21 drawdowns totaling \$1,391,460, the USF did not pay the invoices for which the drawdowns were requested prior to the date of the drawdowns.</p>
Cause	USF procedures did not require staff to verify that invoices had been paid prior to the date of the drawdowns. In addition, according to USF management, the payment term settings in FAST for particular vendors were set to pay on a net-30-day basis rather than paid immediately. As a result, the vendor invoices had not been paid at the time USF staff processed the drawdowns.
Effect	R&D expenditures were reimbursed for invoices that had not been paid under terms of the Federal grant.
Recommendation	The USF should revise their procedures to require staff to ensure that grant expenditure invoices are paid prior to the date of drawdown.
State Entity Response	The University of South Florida has revised the procedures to systematically ensure that grant expenditure invoices are paid prior to the date of drawdown.

ADDITIONAL MATTERS

Our audit of the State of Florida's basic financial statements for the fiscal year ended June 30, 2018, disclosed an additional matter that we communicated in the **Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***. Additional matters are issues that, in the auditor's opinion, should be reported, but which are not categorized as a significant deficiency or material weakness.

ADDITIONAL MATTER
RECEIVABLES, NET

Finding Number	AM 2018-01
Opinion Unit	General Fund
Financial Statements Account Title(s)	Receivables, net and Unavailable revenue
SW Fund Number(s)	100000
State Agency	Florida Department of Revenue (FDOR)
OLO-GF-SF-FID	730000-74-1-000405
GL Code(s)	159 and 473
Adjustment Amount	\$51,541,052
Statistically Valid Sample	N/A

Finding The FDOR understated Receivables, net and Unavailable revenue due to an error in the preparation of year-end accrual entries.

Criteria Governmental Accounting Standards Board Codification Section N50.127 specifies that for derived tax revenues recipients should recognize revenues in the period when the underlying exchange transaction has occurred and the resources are available.

The Florida Department of Financial Services, Statewide Financial Reporting Section (SFRS), *Statewide Financial Statements Guidance* manual required that taxes collected on behalf of the State or payable to the State on or before June 30, and received by July 31, be recorded as taxes receivable and tax revenue net of estimated refunds, while taxes collected after July 31 be recorded as unavailable revenue.

Condition The FDOR General Tax Administration (GTA) program is responsible for calculating taxes and fees receivable, net of estimated uncollectible amounts, and related unavailable revenue amounts. The GTA program utilized an internally prepared spreadsheet to determine the year-end accrual entries for the estimated uncollectible amounts for taxes and fees and the related unavailable revenue amounts. In making these calculations for the 2017-18 fiscal year, GTA staff incorrectly calculated the estimated uncollectible amounts. As a result, Receivables, net and Unavailable revenue were understated by \$51,541,052.

Cause The GTA program review process was not sufficient to detect the error. Also, FDOR management indicated that staff turnover contributed to a lack of knowledge about the calculations.

Effect Prior to audit adjustment, Receivables, net and Unavailable revenue for the General Fund were understated by \$51,541,052.

Recommendation We recommend that the GTA program enhance the review process to promote the timely detection and correction of errors in the preparation of year-end accrual entries. Additionally, we recommend that the GTA program ensure that staff preparing and reviewing fiscal year-end reporting calculations and related accrual entries have sufficient training to perform the calculations and make appropriate accrual entries.

State Agency Response FDOR concurs with the recommendation and has implemented an additional level of management review and associated training to ensure proper preparation of year-end accrual entries. We deem this finding to be complete.

Estimated Corrective Action Date January 18, 2019

*Notes to the Schedule of Expenditures of
Federal Awards*

NOTE 1 - BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

The Schedule of Expenditures of Federal Awards has been prepared in accordance with the Uniform Guidance and presents the Federal awards expended by the State of Florida. The Single Audit Act Amendments of 1996 (Public Law 104-156) and the Uniform Guidance in subpart F define Federal awards as Federal financial assistance and Federal cost-reimbursement contracts that non-Federal entities receive directly from Federal awarding agencies or indirectly from pass-through entities. Federal financial assistance is defined as assistance that non-Federal entities receive or administer in the form of grants, loans, loan guarantees, property, cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, or other assistance.

The following summary of the State of Florida's significant accounting policies and related information is presented to assist the reader in interpreting the Schedule of Expenditures of Federal Awards and should be viewed as an integral part of the accompanying schedule.

Reporting Entity

The reporting entity for the purposes of the accompanying schedule is the State of Florida primary government (i.e., legislative agencies, the Governor and Cabinet, departments and agencies, commissions, boards of the Executive Branch, and various offices relating to the Judicial Branch), the State Universities (SU), and the State Community Colleges and Florida Colleges (SCC) exclusive of any component units of the State Universities and Community Colleges and Florida Colleges.

Catalog of Federal Domestic Assistance

The Catalog of Federal Domestic Assistance is a government-wide compendium of individual Federal programs. A five-digit program identification number (CFDA No.) is assigned to each program included in the catalog. Those programs that have not been assigned a CFDA number by the Federal Government and those programs for which CFDA numbers could not be identified are entitled "Other Federal Awards" on the accompanying schedule and listed as CFDA No. "XX.UNK", with the exception of those programs that are also Research and Development Programs, which are listed as CFDA No. "XX.RD".

Federal Expenditures

The column on the accompanying schedule captioned "Federal Expenditures", includes amounts using different bases of accounting. The reporting entities also include expenditures related to transfers received from other State Agencies, State Universities, State Community Colleges, and Florida Colleges in this column.

Amounts reported by State Agencies, State Universities, State Community Colleges, and Florida Colleges were determined in accordance with the accrual and modified accrual basis of accounting, with the exception of Florida International University, Florida State University and the Fish and Wildlife Conservation Commission, which reported expenditures using the cash basis of accounting.

Appropriate expenditures are recognized, as applicable, in accordance with either OMB Cost Principles or cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursements.

Expenditures reported for the Unemployment Insurance (UI) Program (CFDA No. 17.225) and the Direct Loans Program (CFDA No. 84.268) are reported using the accrual basis of accounting.

Appropriate adjustments have been made to the expenditures reported on the accompanying schedule to preclude reporting both the transfers of Federal awards between the various State Agencies, State Universities, State Community Colleges, and Florida Colleges, and the subsequent expenditures.

Amounts Passed Through to Subrecipients Column

The column on the accompanying schedule captioned "Amounts Passed Through to Subrecipients" represents the amounts transferred by the State Agencies, State Universities, State Community Colleges, and Florida Colleges to

subrecipients that are not included in the State’s Schedule of Expenditures of Federal Awards. The amounts in this column are also included in the column captioned “Federal Expenditures“. Transfers of Federal awards between the State Agencies, State Universities, State Community Colleges, and Florida Colleges are not included in this column.

American Recovery and Reinvestment Act of 2009 (ARRA)

On February 13, 2009, Congress passed the American Recovery and Reinvestment Act of 2009 (Public Law 111 -5) (Recovery Act). The Recovery Act’s three main goals are to create and save jobs, jump-start economic activity and invest in long-term economic growth, and promote accountability and transparency in government spending.

To maximize the transparency and accountability of funds authorized under the Recovery Act, recipients covered by the Single Audit Act Amendments of 1996 and Uniform Guidance must separately identify the expenditures for Federal awards under the Recovery Act on the Schedule of Expenditures of Federal Awards.

ARRA funds reported during the 2017-2018 Fiscal Year are included within the accompanying schedule. Expenditures reported on the accompanying schedule for ARRA awards totaled \$28,173,964.

Disaster Grants – Public Assistance (CFDA No 97.036)

After a Presidential-Declared disaster, FEMA provides a Public Assistance Grant to reimburse eligible costs associated with repair, replacement, or restoration of disaster-damaged facilities. The Federal government reimburses in the form of cost-shared grants which requires state matching funds. For the fiscal year ended June 30, 2018, \$39,635,545 of approved eligible expenditures that were incurred in a prior year are included on the Schedule.

Noncash Assistance

The State participates in several Federal awards programs in which noncash benefits are provided through the State to eligible program participants. The programs that report 100% direct noncash benefits are accompanied on the table by a (1). The programs where noncash benefits were used are identified in the following table.

CFDA Number	Program Title	Total Noncash Benefits
39.003	Donation of Federal Surplus Personal Property(1)	\$ 23,500
10.569	Emergency Food Assistance Program (Food Commodities) (1)	30,504,205
10.555	National School Lunch Program(1)	100,615,021
10.576	Senior Farmers Market Nutrition Program (1)	1,761,509
10.553	School Breakfast Program	6,682
10.555	National School Lunch Program	16,822
39.003	Donation of Federal Surplus Personal Property (1)	39,595
12.RD	Other Federal Awards	50,000
20.513	Enhanced Mobility of Seniors and Individuals with Disabilities	9,018,151
20.526	Bus and Bus Facilities Formula Program	1,044,231
10.551	Supplemental Nutrition Assistance Program (1)	5,986,069,474
10.557	WIC Special Supplemental Nutrition Program for Women, Infants, and Children	243,208,442
93.268	Immunization Cooperative Agreements	272,908,673
12.700	Donations/Loans of Obsolete DOD Property	89,290
12.700	Donations/Loans of Obsolete DOD Property	89,290
39.003	Donation of Federal Surplus Personal Property (1)	9,733,808
12.700	Donations/Loans of Obsolete DOD Property (1)	3,368,153
10.555	National School Lunch Program	200,540
	Total Noncash Assistance	\$ 6,658,747,386

NOTE 2 – INDIRECT COST RATE

In accordance with §200.414 Indirect (F&A) costs and §200.510, the following State of Florida entities used the 10% *de minimis* indirect cost rate.

State Entities

Justice Administrative Commission

State Colleges

Broward College

Palm Beach State College

NOTE 3 - UNEMPLOYMENT INSURANCE

The Unemployment Insurance (UI) Program (CFDA No. 17.225) is a unique Federal-State partnership, founded upon Federal law but implemented primarily through State law. Pursuant to this Program, unemployment benefits are paid to eligible unemployed workers for periods of involuntary unemployment. Benefits are paid from Federal funds and from State unemployment taxes that are deposited into the State's account in the Federal Unemployment Trust Fund (FUTF). State benefits were funded from State Taxes. The State's administrative expenditures incurred under this Program are funded by Federal grants. Expenditures reported on the accompanying schedule for the UI Program are identified in the following table.

Federal Administration	\$ 97,875,149
Federal Benefits Ex-Military/Federal Employees	3,533,899
Federal Benefits TRADE/Disaster	1,454,410
State Benefits funded by State Taxes	396,077,615
	<u>\$498,941,073</u>

NOTE 4 - LOANS AND LOAN GUARANTEES

The State of Florida participates in several Federal loan programs in which funds are provided through the State to eligible program participants.

State Infrastructure Bank (CFDA No. 20.205)

The Federal State Infrastructure Bank (SIB) for the Highway Planning and Construction Program (CFDA No. 20.205) is an investment fund from which loans and other forms of credit assistance are provided for highway construction, transit capital, or other surface transportation projects. The Federal share (80 percent) of SIB disbursements made during the 2017-18 fiscal year totaled \$27,258,673. Of this amount, \$11,231,129 was reported on the 2016-2017 SEFA as the Federal share (80 percent) of SIB accruals for the 2016-17 fiscal year. The Federal Share (80 percent) of SIB accruals for the 2017-18 fiscal year total \$40,491. The total of \$16,068,034 is included on the accompanying schedule with other expenditures from the Highway Planning and Construction Program. The federal portion (80 percent) of the outstanding balance of the SIB loans at June 30, 2018 totaled \$54,049,340.

Federal Family Education Loans (CFDA No. 84.032)

Under the Federal Family Education Loans (FFEL) Program, the U.S. Department of Education guarantees the repayment of loans made to students by participating financial institutions. The Florida Department of Education administers the FFEL Program (CFDA No. 84.032) for the State. During the 2017-2018 fiscal year, payments made to lenders to cover student loans in default totaled \$59,476,856. The value of outstanding loans guaranteed at June 30, 2018, totaled \$519,506,480.

Higher Education Loans

The table below summarizes activity by the state for federally funded student loan programs.

CFDA Number	Program Title	Current Year Disbursements	Value of Loans Outstanding
47.076	Education and Human Resources	\$	- \$ 335,000
84.032	Federal Family Education Loans	59,476,856	519,506,480
84.038	Federal Perkins Loan Program Federal Capital Contributions	101,000	65,064,153
84.142	College Housing and Academic Facilities Loans	-	614,000
84.268	Federal Direct Student Loans	1,898,493,800	-
93.264	Nurse Faculty Loan Program (NFLP)	151,110	2,051,389
93.342	Health Professions Student Loans, Including Primary Care Loans/Loans for Disadvantaged Students	-	5,571,864
93.364	Nursing Student Loans	-	44,191
93.408	ARRA - Nurse Faculty Loan Program	-	12,308
	Totals	\$ 1,958,222,766	\$ 593,199,385

Other Reports

The Auditor General reports below include findings and information that may enhance the reader's understanding of the State of Florida's administration of Federal awards.
