### 1. History and Characteristics

St. Petersburg College (SPC) has been existence since 1927, opening as Florida's first two-year institution of higher learning serving Pinellas County under the name St. Petersburg Junior College (SPJC). SPJC was chartered by the State of Florida in 1928; graduated its first class in 1929; located to its own first campus at Mirror Lake in 1931; and was initially accredited by the Southern Association of Colleges and Schools in 1931. In 1948 it converted from private, non-profit to public status, and in 2001 it was renamed St. Petersburg College when it was authorized by the Florida Legislature, the College District Board of Trustees, and the Southern Association of Colleges and Schools Commission on Colleges to offer baccalaureate programs under a 2 + 2 model. SPC employs an open-door admission policy with some entry requirements for specialized programs. SPC is governed by a five member Board of Trustees appointed by the Governor of the State of Florida. SPC is compared to 27 other colleges in the Florida College System for peer comparisons.

SPC enrolls more than 65,000 students (credit and non-credit) students annually, primarily from the College's geographic service area of Pinellas County, Florida. For the fall semester 2016, 41% were seeking the associate in arts program, 15% were seeking a baccalaureate program, and 31% were seeking an associate in science or workforce program. The college serves a broad range of ages with 56% falling under the age of 25 years. Women are in the majority with 59%. In so far as ethnicity, 63% of students list their ethnicity as "White," and our Black/African American and Hispanic populations came in as the second largest groups, each equaling 13% of the student population.

Dr. William D. Law, Jr. began his service as SPC's sixth president in June 2010. In 2013, the Board of Trustees (BOT) revised the College mission statement to read: ***Promote student success and enrich our communities through education, career development, and self-discovery.*** The BOT also adopted 13 value statements related to: Student Focus, Academic Excellence, Outstanding Service, Diversity, Ethics, Culture of Inquiry, Partnerships, Transparency, Leadership & Empowerment, Global Citizenship, Innovation, Mutual Respect, and Professional Development.

### 3. Off-Campus Instructional Locations and Branch Campuses

List **all locations** where 50% or more credit hours toward a degree, diploma, or certificate can be obtained primarily through traditional classroom instruction. Report those locations in accord with the Commission’s definitions and the directions as specified below.

**Off-campus instructional sites**—a site located geographically apart from the main campus at which the institution offers **50 % or more** of its credit hours for a diploma, certificate, or degree. This includes high schools where courses are offered as part of dual enrollment. For each site, provide the information below. **The list should include only those sites reported and approved by SACSCOC.** Listing unapproved sites below does not constitute reporting them to SACSCOC. In such cases when an institution has initiated an off-campus instructional site as described above without prior approval by SACSCOC, a prospectus for approval should be submitted immediately to SACSCOC.

Name of Site	Physical Address (street, city, state, country) Do not include PO Boxes.	Most Recent Date Approved by SACSCOC	Date Implemented by the institution	Educational programs offered (specific degrees, certificates, diplomas) with 25% or more credits hours offered at each site	Is the site currently active? (At any time during the past 5 years, have students been enrolled and courses offered? If not, indicate the date of most recent activity.)
Tarpon Springs Campus	600 Klosterman Rd. Tarpon Springs, FL 34689	8/27/12	1972	AA, AS, BS, BAS, CT	yes
Clearwater Campus	2465 Drew St. Clearwater, FL 33765	8/27/12	1961	AA, AS, BS, BAS, CT	yes
EpiCenter	13805 58 <sup>th</sup> St. N Clearwater, FL 33760	8/27/12	2007	AS, BS, BAS, CT	yes
Veterinary Technology Center	12376 Ulmerton Rd. Largo, FL 33774	8/27/12	2010	AS	yes
Seminole Campus	9200 113 <sup>th</sup> St. N Seminole, FL 33772	8/27/12	1970	AA, AS, BS, BAS, CT	yes
Health Education Center	7200 66 <sup>th</sup> St. N Pinellas, Park, FL 33781	8/27/12	1980	ATC, ATD, AS, BS, CT	yes
St. Petersburg/Gibbs Campus	6605 5 <sup>th</sup> Ave N St. Petersburg, FL 33710	8/27/12	1931	AA, AS, BS, BAS, CT	yes
SPC Downtown Center	244 2 <sup>nd</sup> Ave N St. Petersburg, FL 33701	8/27/12	2004	AA, AS, BAS, CT	yes
SPC Midtown Center	1300 22 <sup>nd</sup> St. S. St. Petersburg, FL 33710	8/27/12	2003	ATD, AA, AS, CT	yes
Allstate Center	3200 34 <sup>th</sup> St. S. St. Petersburg, FL 33711	8/27/12	1988	AS, CT, PSAV	yes

Notes: (1) In 2012 an overall listing of all existing campuses was sent for approval to SACSCOC and an approval letter was sent. This does not mean previous approval was not sought, but it represents the most recent approval. (2) An overall listing of percentages of programs taught at each location is attached to the bottom of this section.

**Institutions with off-campus instructional sites** at which the institution offers **25-49%** credit hours for a diploma, certificate, or degree—including high schools where courses are offered as dual enrollment—are required to notify SACSCOC in advance of initiating the site. For each site, provide the information below.

**Dual Enrollment Sites:**

Name of Site (Indicate if site is currently active or inactive. If inactive, date of last course offerings and date of projected reopening)	Physical Address (street, city, state, country) Do not include PO Boxes.	Date Notified SACSCOC by SACSCOC	Date Implemented by the institution	Educational programs offered (specific degrees, certificates, diplomas) with 25-49% credit hours offered at each site	Is the site currently active? (At any time during the past 5 years, have students been enrolled and courses offered? If not, indicate the date of most recent activity.)

**Branch campus**— St. Petersburg College does not have any branch campuses as defined by SACSCOC.

**OVERALL PERCENTAGES OF PROGRAMS OFFERED BY CAMPUS**

The table below represents the percent of programs offered at each campus. As St. Petersburg College has moved to a pathways model, in which a recommended sequence of courses is provided for students to use when planning their pathway to graduation, the percentages are based upon the recommended courses. That said, each pathway does identify which courses have alternative electives for students to choose from. As the pathway model has become a prevalent initiative for tracking student success towards graduation, tracking student use of these courses has become an ongoing mechanism within strategic planning session at the college and is reported out during the College's Wednesday webinars and Deans Retention Friday webinars.

#### 4. Distance and Correspondence Education

Provide an initial date of approval for your institution to offer distance education. Provide a list of credit-bearing educational programs (degrees, certificates, and diplomas) where 50% or more of the credit hours are delivered through distance education modes. For each educational program, indicate whether the program is delivered using synchronous or asynchronous technology, or both. For each educational program that uses distance education technology to deliver the program at a specific site (e.g., a synchronous program using interactive videoconferencing), indicate the program offered at each location where students receive the transmitted program. Please limit this description to one page, if possible.

St. Petersburg College has been offering online courses since 1995. The percent of programs where 50% or more of the credit hours are delivered through the online modality is shown below. All programs listed use asynchronous technology through its Learning Management System.

## 5. Accreditation

In addition to the accreditation that the institution holds with the Southern Association of Colleges and Schools Commission on Colleges, there are twenty-five active programs at St. Petersburg College (SPC) that are currently accredited or approved by federally recognized accrediting agencies. Each agency is recognized by one or more of the following bodies: U.S. Department of Education (USDE), Council for Higher Education Accreditation (CHEA), and the Association for Specialized and Professional Accreditors (ASPA). To date, each program has been granted full accreditation or approval status. No negative action has been taken against SPC for any accreditation or approval that the institution holds, and there have been no instances where an accrediting agency has terminated the accreditation of an SPC program as a result of non-compliance.

Two programs at SPC have voluntarily withdrawn their “fully accredited” status with a federally recognized accrediting agency - Nursing, BS and Medical Laboratory Technology, AS. The baccalaureate nursing program received full accreditation from the National League for Nursing Accrediting Commission (NLNAC) in 2004, which was recognized through 2009. In 2006, the program opted to apply for accreditation with the Commission on Collegiate Nursing Education (CCNE) and was granted full accreditation through 2011 and decided not to renew accreditation with NLNAC. The Nursing, BS program has continued its accreditation with CCNE and was most recently granted full accreditation in 2011 through 2021. The Medical Laboratory Technology AS program was closed effective Spring 2013. A letter to this effect was submitted to SACS in 2012 and approved by SACS-COC in 2013. A letter was submitted to NAACLS in April 2013. Individual teach out plans have been made for all students currently enrolled within the program.

The table below lists all federally recognized agencies that currently accredit or approve programs at the institution. Each accrediting agency is mapped to the program and degree levels it accredits or approves, the date of the most recent review, the status, and date of next review. This information is publicly accessible via SPC's Accreditation webpage.

## 6. Relationship to the U.S. Department of Education

There have been no limitations, suspensions, or termination of student financial aid or other financial aid programs by the U.S. Department of Education during the previous three years. St. Petersburg College is not on reimbursement, nor any other exceptional status in regard to federal or state financial aid.
